

NOVARA 4500 ML

Cast aluminum and stainless steel create a synthesis of form and function in the NOVARA. The angular heavy cast aluminum housing is punctuated by distinctive cooling fins. Doorframe and mounting knobs are constructed of polished high-grade stainless steel. The adjustable head may be fitted with a clear, etched, or optional prismatic lens. Electrical conductor is housed in attractive braided stainless steel line. Steel wall bracket is hot-dip galvanized prior to being finished in finely textured paint. All hardware is stainless steel. Standard color; matte silver grey metallic. Special colors available.

Wet Location; Damp Location

Model	Mounting	Lamp
NV450ML-W	Wall	70 MH / 42 CFL / 200 Halogen
