Recessed Wall Luminaire

Glare-free recessed wall luminaire with square brushed stainless steel faceplate produces a signal-like effect created by a choice of geometric apertures. Matte acrylic

lens is flush with the face for a clean look. Faceplate is offset from the wall to create a corona around the illuminated fixture. Luminaire housing is constructed

NANO DS

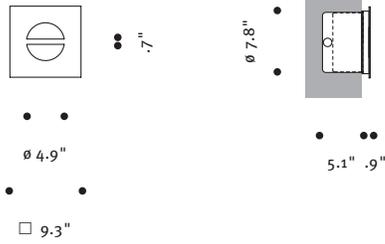

Recessed Wall Luminaire

of spun aluminum, and mounts into spun aluminum back-box, suitable for through wiring. All hardware is stainless steel. See technical data sheet for details.

 Listed for Wet Locations
Suitable for use in exterior, interior, and poured concrete walls
