

TORUS G

Simple in form, yet rich in detail, Torus casts glare-free diffused illumination for general accent lighting. Tempered glass lens features finely beveled edges with exposed matte sidewall, providing both lateral and forward illumination while highlighting wall surfaces. Reveal formed by the stainless steel lens frame becomes an illuminated design element. Lens with internal translucent white coating is available in three variations; plain, striped, or textured. Spun aluminum housing mounts into spun aluminum back-box, suitable for through wiring. All hardware is stainless steel.

Wet Location

Model	Lens	Mounting	Lamp
TO255G-P	Plain	Recessed Wall	26 CF
TO255G-S	Striped	Recessed Wall	26 CF
TO255G-T	Textured	Recessed Wall	26 CF
