

DESCRIPTION

Lugano is a dual concept for a really compact armchair with a singular back separated from the seat. The straight or curved arm options mark the difference. Its legs, which come in the shape of a skate, are stained in wenge.

TECHNICAL DATA

Solid wood structure covered with foam.

Seat and back structure fitted with NEA webbing and made with HR Ultracel foam of different densities.

Beech feet stained wengue.

Lugano can be upholstered in fabric, leather or synthetic leather. It is a fixed structure; covers are not removable.
