

DESCRIPTION

Patchwork panels represent a shift of perspective. Inspired by the traditional patchwork quilt, the idea is to bring this rich mosaic of shapes, textures and colours from the bedspread to the wall, as a headboard. Patchwork consists of 4 upholstered panels. Each panel is easily inserted in a lightweight aluminium bar and one can place them in different positions. Depending on the orientation of the pieces, we will get a more sober and serene composition or a more irregular and exciting one.

As an option, we can incorporate LED lighting. This is a soft and indirect lighting that spreads around the perimeter of the headboard. The covers of Patchwork are completely removable. The inner sizes are: 90x190, 150x200, 160x200 and 180x200. It has solid beech feet (natural colour or wengue plus).

TECHNICAL DATA

In fabric: completely removable bed base and panel covers.

In leather: fixed panels and bed base, not removable.

Bed

Bed structure consisting of particleboard, reinforced with metal squares, covered with HR Ultracel and fibre with felt.

Beech feet stained natural or wengue-plus.

The beds of 150cm, 160 and 180 incorporate a reinforcing central bar.

Slatted bed base

Steel tube 40x30 grey epoxi, with anticorrosion treatment.

System of assembling holders for slats in 3 by 3 sets, with double lumbar regulation.

Sizes 150, 160 and 180 incorporate double slats with reinforcing central bar.

Panels

Panel consisting of MDF boards, covered with HR Ultracel foam and fibre felt.

Headboard holder: aluminum rails with hooks for fastening the boards.

Leds

LED (warm light) consisting of 60 leds/metre with adhesive strip to be placed on the aluminum rail.

Switch with sensor touch.
