

DESCRIPTION

In the bedroom, in the hall, in the lounge, in a restaurant... The Tea hexagonal panels are multifaceted. Combining panels of 3 and 7 hexagons one can make endless compositions. The panel of 3 hexagons combines 2 plain and 1 quilted. The panel of 7 hexagons combines 4 plain and 3 quilted. Besides being a decorative panel, Tea has an acoustical function as it works as sound-deadening. The panels also serve as a headboard when combined with the base of the Tea bed. In each panel, we can combine two fabrics (one for the quilt hexagons and the other for the plain ones). As a novelty we also incorporate Steelcut upholstery by Kvadrat for unquilted areas. The quilted hexagons can only be upholstered in the references listed in the pricelist.

TECHNICAL DATA

In fabric and leather fixed upholstered panel.
In fabric removable bed base cover.

Panels

Panels consisting of MDF boards upholstered and joined on a MDF board.

Assembly by a slab screwed to the wall, with horizontal adjustment.

Bed

Bed structure consisting of a particleboard, reinforced with metal squares, covered with HR Ultracel and fibre with felt.

Beech feet stained wengue-plus.

The beds of 150cm, 160 and 180 incorporate a reinforcing central bar.

Slatted bed base

Steel tube 40x30 grey epoxy, with anticorrosion treatment.

System of assembling holders for slats in 3 by 3 sets, with double lumbar regulation.

Sizes 150, 160 and 180 incorporate double slats with reinforcing central bar.
