- aluminium lacquered
- gloss lacquered in white or red.

In 3 lengths. Width 40 cm, height 44 cm

Outdoor use

Any material left outside, even if properly treated, can have superficial molecular and colour changes during its lifetime. Of course, the amount of alterations is directly related to the amount of exposure to weather and to the geographical area (for ex., high humidity and/or salinity).

Regular maintenance, for instance periodic cleaning with water, increase resistance to corrosion.
