

ARCH

deep version (Designer J. M. Massaud)

Lightness, comfort and elegance characterize this sofa system.

Frame

Its peculiar identity is given by the thin arch-shaped aluminium frame.

Frame in solid wood, base with a metal insert and elastic belts, covered with indeformable variable-density polyether.

The sofa rests on a 8 mm thick aluminium stand joined to the foot through a slightly-curved arch, in white or black lacquer, or satin-finished aluminium.

Sectionals

Sectionals allow for a variety of linear corner or curved configurations. Intermediate elements come with internal recessed feet so as not to interrupt the linear design of the aluminium frame.

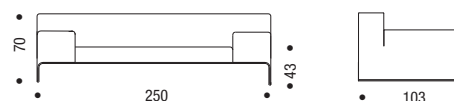

With sectionals, a coupling device is provided. Sectionals cannot be used as single elements.

Cover

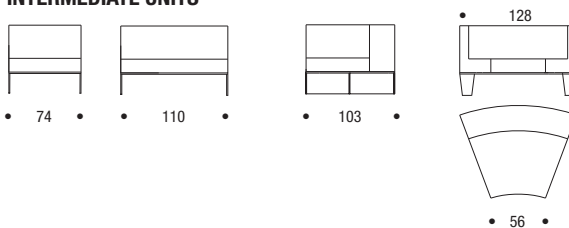

The upholstery, either in fabric or leather, covers the sofa completely. Removable upholstery. Extra cover available if requested. For the choice of upholstery, please see the table on page 1.61 and the section "fabric collection" on the website.

With customer's own leather, in order that the product is properly manufactured, the leather piece must be larger than 5 sqm and with no defects, such as scars or holes.

CUSHIONS

Loose cushions

In solid colour with down filling covered with cotton. This makes removing the cover easier and the cushions maintain their good looks even when uncovered.

Extra covers available.

Dims: 30x50 cm, 40x40 cm o 55x55 cm

Sets of cushions

Sets of decorative cushions for the sofa collection.

Upholstered with fabrics that, though different in weft and composition, maintain a pleasant uniformity in colour:

- fabric Quarzo white
- fabric Florite ochre
- fabric Galena sand
- fabric Pirite brown/grey

Each set is composed of 4 square cushions in down.

The dims are 45x45 or 55x55cm.
