

SIDEBOARD

(Designer B.Fattorini)

The storage units are available in three options:

- with three servo drive equipped drawers
- with manually opened drawers and large drawers
- with manually opened drawers and coplanar doors.

Finishes

Natural anodized aluminium, or gloss lacquered in white.

The storage units, the coplanar doors and the drawer fronts are made of 2 cm thick medium-density wood fibreboards covered both sides with an aluminium sheet, either anodized or lacquered.

The sides of the drawers are made of aluminium-lacquered steel. The drawer bottom and back are made of melamine-coated chipboard boards in grey.

Drawers are with fully-extractable Blum guides as a standard option.

The aluminium version is mounted on a chromium-plated or aluminium-lacquered stand, the lacquered version on a chromium-plated one.

Sizes

The body of the storage units is 1.6 cm thick. Two lengths available: 160 and 225 cm, always with a depth of 51 cm and height of 68 cm. Stand in height 19 cm.

UNIT size	ACTUAL SIZES in mm		
	length	height	depth
160 cm	1585	680	510
225 cm	2250	680	510

WITH THREE SERVO DRIVE EQUIPPED DRAWERS

The storage unit is equipped with a high quality and technologically innovative electric mechanism designed to open even large and heavy drawers by a light pressure on them.

The system consists of an electric motor (24 V, 2 A - CE compliance), a universal 100W transformer (CE compliance). Voltage: 220 V (Europe) and 110 V (USA). While ordering, please specify always which voltage is required.

The drawer gets open by pushing the drawer front gently and can be stopped in any position. It is highly safe for the end user, and in the event of a blackout, the drawer can be opened or closed easily.

Of great functionality, extremely noiseless, the system is installed on the back.

The unit comes with a drill on the bottom for cable access.

WITH MANUALLY OPENED DRAWERS AND LARGE DRAWERS

Drawers and large drawers with the closing shock absorber "Motion" as a standard option. Handles in anodized aluminium with Sideboard in the same finish. In polished aluminium with Sideboard in gloss lacquer.

The large drawer always comes with a drawer inside, height 9 cm.

WITH MANUALLY OPENED DRAWERS AND COPLANAR DOORS

Drawers with the closing shock absorber "Motion" as a standard option.

Handles in anodized aluminium with Sideboard in the same finish. In polished aluminium with Sideboard in gloss lacquer.

An intermediate shelf is a standard option in one-door and two-door containers.
