Mod. 2050 PS

With upholstered seat, or seat and back upholstery.
Mod. 2050 PO

Natural.

Beech and maple in natural stain.

Colourful.

Special effects are possible through variations of stain.

Sparta.
The Cheerful.

Modest and unmistakable.

Here, wood and metal have been brilliantly combined. Sparta convinces through its unostentatious aesthetics. Seat and back made of plywood, promise superior sitting comfort. Of course, it may be stapled as well as laterally coupled into seat rows.

Sparta is flexible. Depending on model, it complements or discretely highlights the architectural concept. An excellent choice of colours brings variety and makes for a cheerful ambience in any room.
