

## SHRIMP

Design Jehs & Laub

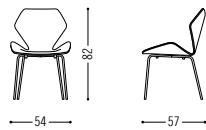

**Der Stuhl der Shrimp Reihe erweitert die Designlinie der größeren Sessel. Mit hölzernen Beinen wirkt der Stuhl wohnlich, mit verchromten Stahlbeinen ist Shrimp im Objektbereich stapelbar – eine funktionale Herausforderung, die trotz der gewölbten Schale elegant bewältigt wurde. Beide Varianten können durch verschiedenfarbige Lacke, Polster und Schalenholz unterscheidliche Anmutungen annehmen.**

The chair in the Shrimp series extends the design line of the larger easy chairs. With wooden legs the chair has a homely appearance; with chrome-plated steel legs Shrimp is stackable for contract use – a functional challenge which has been met elegantly in spite of the concave shell. Both versions can take on highly varied appearances with differently coloured lacquer, upholstery and types of wood for the shell.

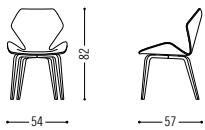

### SHRIMP

---

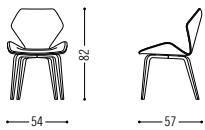

**Stuhl mit Metallgestell, stapelbar**  
Chair with metal frame, stackable

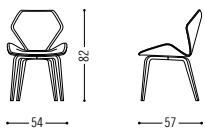

**Stuhl mit Holzgestell, nicht stapelbar**  
Chair with wooden frame, non-stackable

**Ohne Polster** Without upholstery
