## Stepping Up Chair in Leather

Tactile appeal, strong form, and visual contrast blend with comfort in this striking seating solution. Let pattern cascade over the undulating seating surface, or create a unique rhythm with the individually upholstered mini-bolsters, which vary in foam density for comfort! Options for pattern are multiplied when this unique chair is used in groups!

Walk along the path of playful exploration of volume and surface, shape and form with our **Stepping Stones** collection. Functional cutouts emulate the forms of stepping stones and lead you to better organization. The credenza, bench, and chairs each provide a colorful way to incorporate storage into functional pieces.
