Atomheart T

Atomheart table lamp has been created with inspiration from the Sci-Fi design universe, where everything is possible and nothing is inconceivable. As such Sci-Fi and Atomheart are a tribute to imagination as one of mankind's most important qualities. When the table lamp is lit, the design of the shade forms contrasts which enhance the impression of the form of the glass, where no two angles are alike, but change all the way round. So the lamp appears as a complex and distinctive light source with a life of its own. Atomheart table lamp is made of hand-blown acid frosted opal glass in three layers. The high-gloss lacquered finish of the pendant suspension is repeated in the foot and base of the table and floor lamp, which here gives an exciting contrast to the frosted glass of the shade.

Surface

Matt opal glass, white high-gloss lacquer.

Material

Shade: Hand-blown acid frosted opal glass in three layers.

Base: White high-gloss lacquer.

Installation

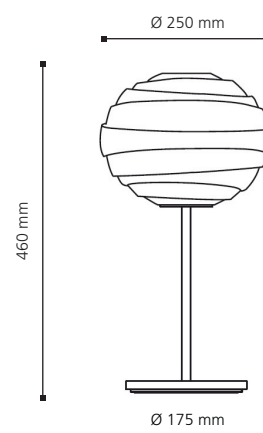

Cable: White pvc cable with plug. Cable length: 3 m.

Switch: On cable. Dimmable: Yes.

Class

IP20, Class of insulation II.
