Studio

Studio | The Complete Custom Meeting Room

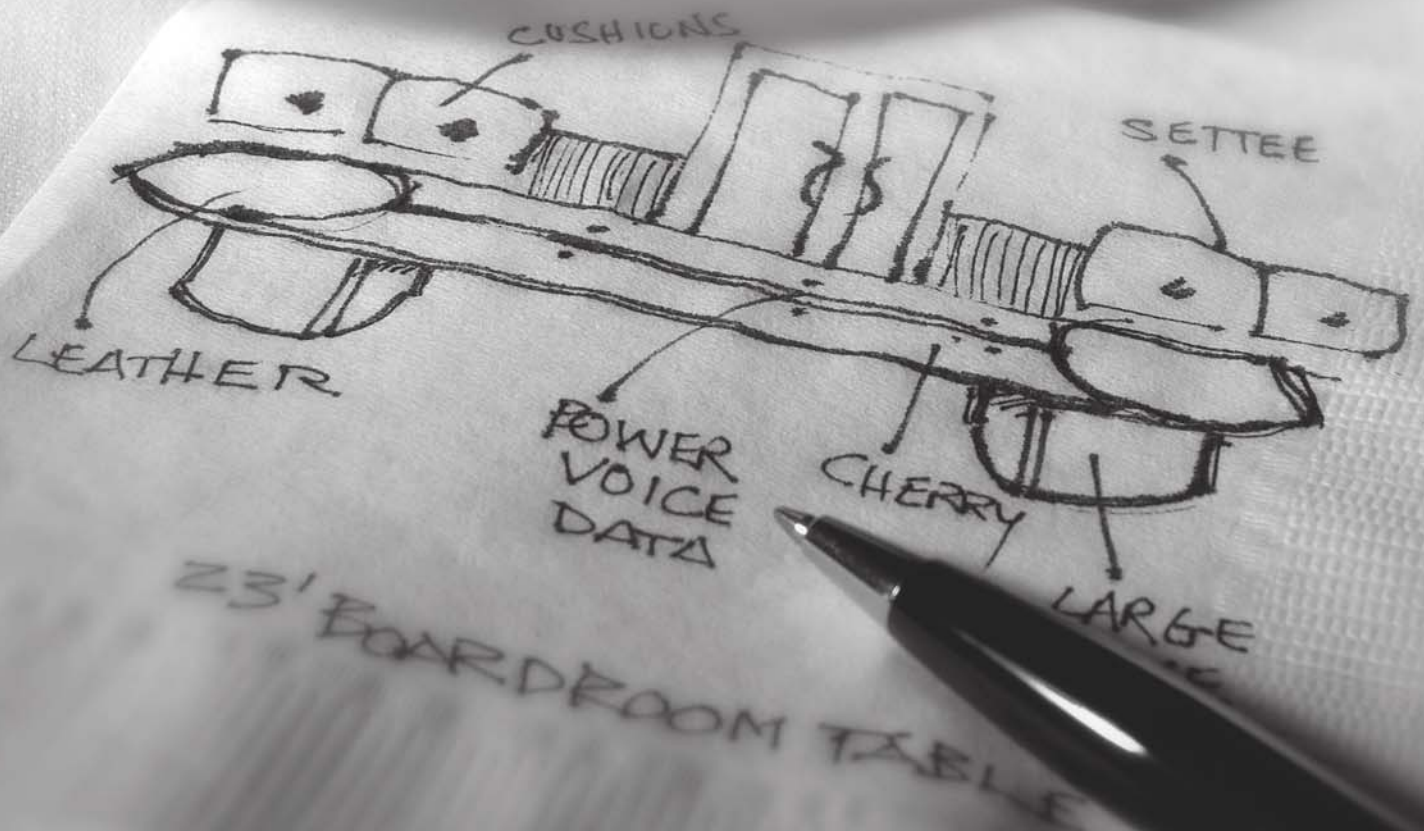

the vision

Our vision is to create an innovative and dependable resource for designing and manufacturing custom meeting room solutions within normal production lead times.

Nevers Studio is a collaborative entity which will convert your concepts and ideas into reality.

We will work with you to create the best solution — spatially, functionally and aesthetically — to reflect your vision.

In its simplest sense, our vision is to produce your vision.

case study one

Challenge

To design a table solution for this multi-functional room which supports not only the regular meetings of a 22-member board of directors, but also serves as high impact space for a variety of other key corporate functions

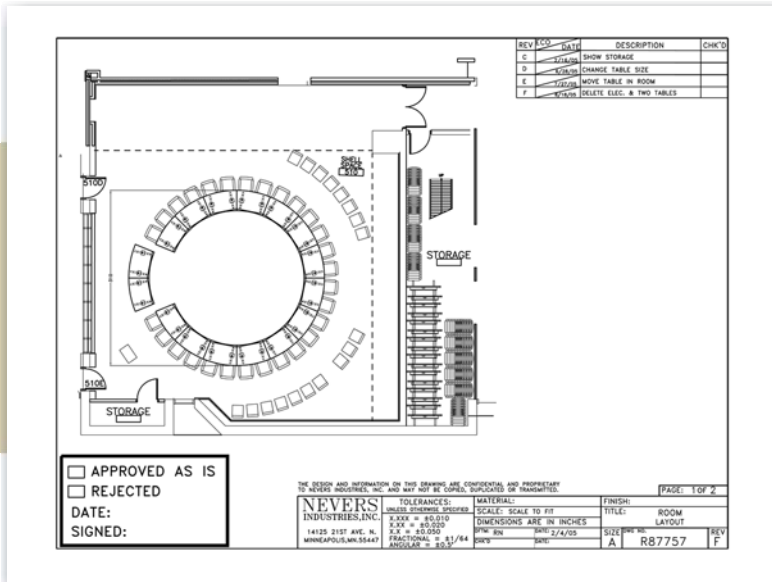

Solution

310" Diameter Board Table

- ☐ Flip mechanism
- ☐ Hinged modesty panel
- ☐ 16 individual table elements (seating 22)
- ☐ Easy knock-down
- ☐ Nests and stores in 11' x 11' space

Single Table Unit

Studio | The Complete Custom Meeting Room

the mission

The mission of Nevers Studio is to create a dependable resource where custom meeting room solutions can be developed and executed within normal manufacturing lead times, while maintaining Nevers Industries leading quality, hand-crafted workmanship and 10 year warranty.

Nevers Studio is the source for custom board rooms, conference rooms, collaboration rooms, training rooms and informal meeting areas.

Whether it is a unique design to project a company's image to the world, or a state-of-the-art video conferencing center that needs to support 50 people, Nevers Studio is the one source that can provide these solutions (and any other conditions that you can imagine!) in 6-8 weeks — delivered.

case study two

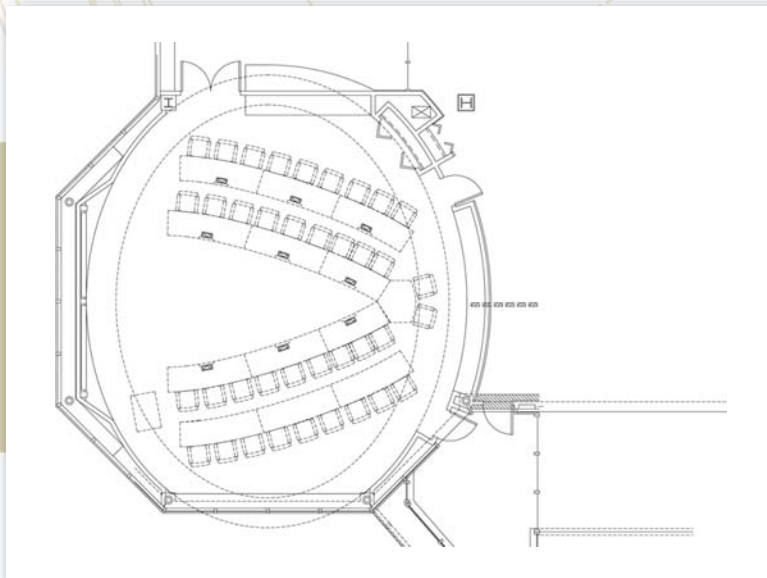

Challenge

To design a meeting room solution for this government contractor, which accommodates video-conferences of up to 40 people.

Solution

Custom Video-Conference Table

- ☐ Seats 40 people in 2 rows
- ☐ Camera "sees" 40 faces
- ☐ Integrated power /voice / data
- ☐ Integrated microphones

Studio | The Complete Custom Meeting Room

the process

The process begins with an engagement with one of our Sales Engineers.

Working with your designer(s), power, voice, data and A/V consultants and your general contractor, our Sales Engineer will gather your needs and essential infrastructure components to develop a product solution which reflects your functional, architectural and aesthetic vision.

We literally take your ideas and turn them into meeting room furniture solutions in 6-8 weeks.

case study three

Challenge

Design a series of custom meeting room tables for a corporate headquarters. All of these tables needed to reflect the corporate culture through the use of granite as a primary material.

Solutions

Four-Tier, Semi-Circular Auditorium Tables

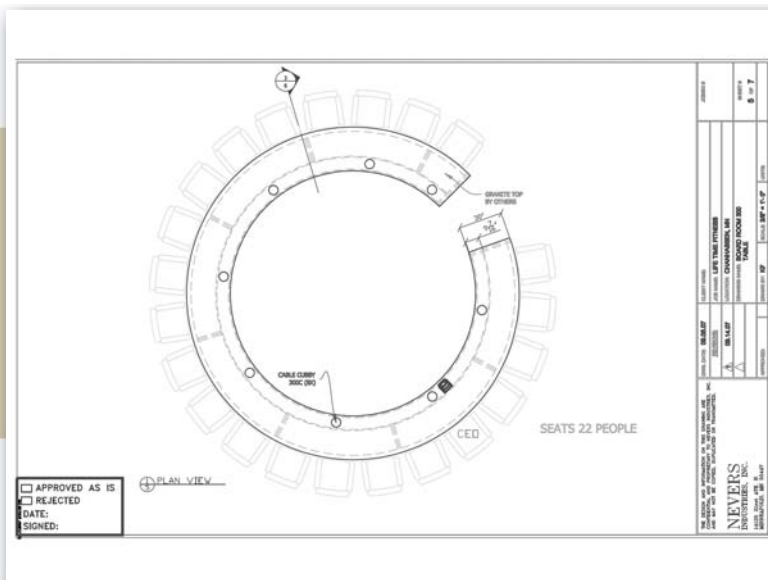

- ☐ Tops integrate granite and cheery veneer
- ☐ Tables accept drop-in power, voice, data and A/V components
- ☐ Custom base matches furniture system
- ☐ Auditorium seats 104

Six Diamond-Shaped Meeting Room Tables in Two Sizes

- ☐ Tops integrate granite and cheery veneer
- ☐ Tables accept drop-in power, voice, data and A/V components
- ☐ Custom base accommodates variable power and data in-feeds

220" Diameter Boardroom Table

- ☐ Tops integrate granite and cheery veneer
- ☐ Tables accept drop-in power, voice, data and A/V components

Studio | The Complete Custom Meeting Room the advantages

Engaging Nevers Studio to execute your meeting room projects carries several distinct advantages over custom millwork or even standard furniture alternatives:

- ☐ **RAPID Manufacturing:**
Our lean manufacturing facilitates a 6-8 week delivery schedule on our custom furniture solutions.
- ☐ **10 Year Warranty:**
All products carry a 10 year warranty.
- ☐ **Project Specific Materials:**
As part of our lean manufacturing system, we order materials specifically for your project. Therefore, all of the furniture built for your project will use veneers from the same flitch, tree or group of trees.
- ☐ **Technology Integration:**
Our Sales Engineers are conversant in all aspects of power, voice/data and A/V components.

Studio | The Complete Custom Meeting Room

how to begin

Getting started couldn't be easier.

Simply download the "Defining Customer Requirements" PDF from our website (www.nevers.com – or call us at 1.800.242.2443), and once completed, attach a sketch/description and AutoCAD background drawing.

Send, fax or e-mail all of the completed materials to our Sales Engineering Group to be reviewed.

We will then contact you to initiate the design and production process.

It's that simple.
