
IL PALIO

COLLECTION

Inspired by the pageantry of Italy's famed *Il Palio di Siena*.

Interpreted in a lush mix of classic, transitional
and contemporary styling. A new collection of patterned carpet
with visual interest and a luxurious feel.

CHOICES THAT WORK

We partner with customers to find the right solution for each project. Rather than having a one dimensional focus on a single product category, we offer the widest variety of flooring products in the industry: carpet, homogeneous and heterogeneous resilient sheet, VCT and LVT, wood, rubber, porcelain and more.

With our long history in bringing a broad portfolio of products to our customers, Mannington has a reliable and established infrastructure and deep accountability all along the lifecycle of your project. From specification to delivery, from installation to reclamation. Always with a consultative approach, and always enabling designers and end users to choose the floor with the right aesthetic, performance, delivery method and sustainable attributes.

COMMITTED TO U.S. MANUFACTURING

We are a fourth generation, family-owned company that makes flooring in nine communities across the U.S. – deeply committed to the places where we work, to keeping people employed and manufacturing quality, American-made products. When you order flooring from Mannington, you're part of this mission.

But in each of these communities, our people have a mission too. To create beautifully-designed carpet, resilient sheet, lvt, rubber, and tile that help bring your projects to life. Distinctive, high-performance products that bring the right flooring to any application.

MAKING QUALITY FLOORING IN: CALHOUN, GEORGIA | MADISON, GEORGIA | CONYERS, GEORGIA | SALEM, NEW JERSEY

QUANTUM GUARD™ HP

Quantum Guard™ HP is a patented urethane wearlayer with aluminum oxide cured by ultra-violet (UV) process. It is the highest performance urethane finish in the industry providing exceptional wear resistance, stain resistance, slip retardance, and lowers maintenance costs.

(MOH) MEASURE OF HARDNESS SCALE

10= 
9= QGHP
7= quartz

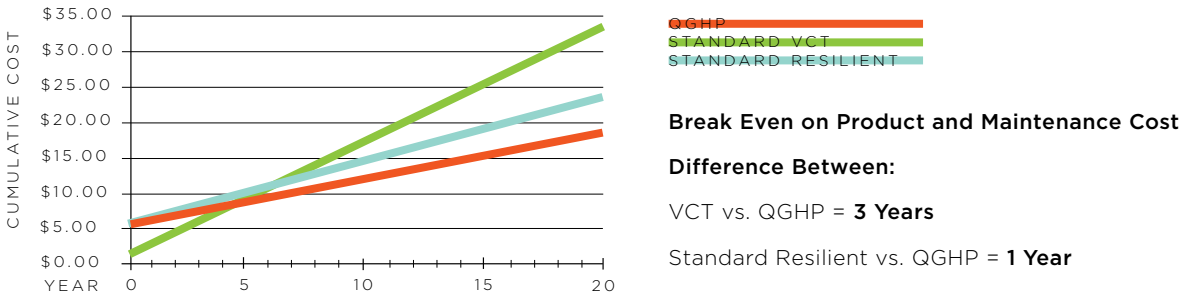

A hard, natural-occurring mineral aggregate on the moH scale, diamond is a ten, aluminum oxide is a nine.

QUANTUM GUARD™ HP

Patented. Tested. Proven.

CUMULATIVE COST PER SQUARE FOOT BY YEAR

Quantum Guard™ HP's proven performance keeps product on the floor longer- one of the most significant ways to lessen the environmental impact. Quantum Guard™ HP can eliminate the need for harsh cleaning agents, strippers and polishes. Products are 3rd party certified via the FloorScore IAQ testing program and meet CHPS 01350.

REALITIES

Heterogeneous Sheet

Heterogeneous construction provides high performance for durability and strength. Can withstand heavy rolling loads and high traffic areas

Performance Attributes

Quantum Guard™ HP patented high performance wearlayer provides exceptional wear resistance, stain resistance, slip-retardance and lowers maintenance costs. No polish, no buffing maintenance option

FloorScore Certified

Size

Available in 6', 9' and 12' widths
.080 overall thickness

Warranty

Limited 10 Year Commercial Warranty
Limited 10 Year Quantum Guard™ HP Wear Warranty

Made in the USA

VIVENDI COLLECTION

Heterogeneous Sheet

A rich layering of patterns and a luxurious visual impact inspired by textiles - along with the performance needed for high traffic areas and heavy rolling loads

Performance Attributes

Quantum Guard™ HP patented high performance wearlayer provides exceptional wear resistance, stain resistance, slip-retardance and lowers maintenance costs. No polish, no buffing maintenance option

FloorScore Certified

Size

Available in 6', 9' and 12' widths

MANNINGTON EDGE WALL BASE COLLECTION

Wall Base

Constructed with the highest quality rubber, offering superior dimensional stability and a variety of color options

Performance Attributes

Optimum Edge (Type TS) Constructed with the highest quality thermoset vulcanized rubber, offers superior dimensional stability

Premium Edge (Type TP) Made with co-extruded thermoplastic rubber specifically formulated to stand up to scuffs and abrasions yet flexible enough for easy installation around curves and corners

Mannington Edge (Type TV) Thermoplastic vinyl works for high maintenance areas providing a smooth matte finish that is abrasion resistant

Size

Available in 2 1/2", 4", 4 1/2" (Type TP and Type TV only) and 6" heights
Coved or toeless profiles

Warranty

Limited 5 Year Commercial Warranty
