

Guest and Bariatric Seating Product Features:

- Guest chair available with arms or armless.
- Bariatric model offered with arms only.
- Three arm cap options: Beech wood, black urethane or Corian®.
- Corian arm caps available in eight standard colors. For non-standard colors, please contact Customer Service for pricing.
- All standard finishes available on Beech.
- Please refer to page 3 for complete Corian and wood finish listing.
- Field-replaceable arm caps featured on all models.
- Tubular steel frame offered in three standard finishes: Graphite, Metallic Silver or Chrome.
- Guest models feature 350 lb. weight capacity.
- Bariatric models feature 500 lb. weight capacity.
- All models feature passive-flex back capability.
- VCT tile glides available for hard surface floors. Refer to individual pages for pricing.
- Optional replaceable seat and back cover available. Refer to individual pages for specification information and pricing.

Tandem Seating Product Features:

- Available in two and three-seat combinations or as reconfigurable modular units.
- Modular units offered with or without center arms.
- Three arm cap options: Beech wood, black urethane or Corian.
- All standard finishes available on Beech. Please refer to page 3 for complete finish listing.
- Field-replaceable arm caps featured on all models.
- Tubular steel frame offered in three standard finishes: Graphite, Metallic Silver or Chrome.
- All models feature passive-flex back capability.
- VCT tile glides available for hard surface floors. Refer to individual pages for pricing.
- Optional replaceable seat and back covers available. Refer to individual pages for specification information and pricing.

Tandem Table Product Features:

- Three standard inline table options: 15" wide, 22" wide and 90-degree.
- End table offered in 22" width only.
- Laminate and Corian table tops available. Please refer to page 3 for complete finish listing.
- Laminate tops are 3/4" thick. Corian tops are 1/2" thick over a 1/2" thick wood substrate.
- Self edge standard. PVC edge also available on laminate tops only.
- Tables are field installed.

Note: Please include seating layout drawings or sketch with each tandem order.

Warranty:

Inline and end tables are guaranteed against defects in material and workmanship for a period of ten (10) years from the original invoice date. All seating units are covered by Encore's standard Lifetime Warranty (please refer to page 7 of Master Price List).

Arm Cap:

- Field-replaceable arm caps available on all models.

Passive-Flex Back:

- Featured on all models including bariatric chair.
- Passive flex-back motion provides long-term seated comfort.

Clean-Out:

- Featured on all models including bariatric chair.
- Clean-out area between seat and back enables crumbs and other debris to fall through for maintenance ease.

Metal Seat Frame:

- Metal seat frame construction ensures durability and allows in-field component replacement as well as add-on capability for tandem units.

Optional Replaceable Upholstery:

- Available on seats and backs of all models including bariatric chair.
- Replacement seat and back covers can be easily field installed on previously ordered Suite models with standard fixed upholstery. Contact Customer Service for instructions.

Additional Standard Features:

- Wall-saver leg design.
- Microban® antimicrobial technology standard on all wood arm cap finishes.

Finishes

Standard Laminate Tops:

Plastic laminate tops are standard on all connecting tables and occasional tables. We offer a limited number of standard wood grain, solid and patterned laminate options to suit a variety of applications. All standard colors follow below.

Formica 459-58 Brite White	Nevamar WM5577E Scandia Maple
Pionite WF131 Vana	Nevamar WC5581N Blossom Cherry
Nevamar S2110T Basic	Wilsonart 7054-60 Wild Cherry
Pionite SG228 Slate	Wilsonart 7937-38 River Cherry
Pionite ST604 Nubian Brown	Formica 7739-58 Cocoa Maple
Nevamar WM8340T Clear Maple	Pionite SE101-Z Black Ashwood

For all table widths, wood grain laminates will run parallel to width of table.

Non-Standard Laminate Tops:

In addition to our standard laminates, we also accept most laminates from the following manufacturers: Formica (standard grade, matte texture), Nevamar, Pionite (standard grade, suede texture) and Wilsonart. Mirror, high gloss and metal laminates are not available.

To order a non-standard laminate, specify the laminate manufacturer, pattern name and color number. Please contact Customer Service to confirm pricing.

Corian Surface Material:

Corian arm caps available on all Suite guest, tandem, bariatric and lounge seating. Corian tops are also available on Suite connecting tables; please refer to corresponding price list pages for applicable pricing. We offer eight standard Corian colors which are listed below.

Designer White	Rain Cloud
Linen	Sahara (T)
Night Sky	Sonora
Platinum (T)	Witch Hazel

T = Terra Collection from Dupont.

Corian® is a registered trademark of Dupont.

To order a non-standard Corian color, please specify the name and color number. Contact Customer Service to confirm pricing.

PVC Edge Colors:

PVC edge may be specified in lieu of laminate self edge on connecting tables. A limited number of color options are available which closely, but do not exactly, match the Encore solid laminate finishes. All standard colors are listed below and are available at no upcharge.

White	Wallaby
Nubian Brown	Slate Grey
Black	

Wood Arm Caps:

Beech wood arm caps are available on all Suite guest, tandem, bariatric and lounge seating. Standard wood finishes closely match corresponding wood grain laminates and are listed as follows.

#81 Scandia Maple on Beech	#84 River Cherry on Beech
#82 Blossom Cherry on Beech	#85 Cocoa Maple on Beech
#83 Wild Cherry on Beech	#86 Black Ashwood on Beech

Please refer to the Encore Finish Card for digital representations or contact Encore's Literature Fulfillment Department for samples.

Antimicrobial Wood Finish Properties:

Encore wood arm cap finishes utilize antimicrobial technology from Microban to give products an added level of protection. Formulated to inhibit the growth of bacteria, mold and mildew on wood surfaces, Microban also fights the growth of stain and odor causing bacteria on the surface coating.

Integrated into the final top coat, Microban will not wash off or wear away and is engineered to provide continuous antimicrobial protection for the useful lifetime of the product.

Additional points of interest:

- Protection begins to work as soon as the micro-organism comes into contact with the product surface. It then works continually to maintain a consistently lower number of contaminating organisms prior to sterilization than would be expected on products without Microban antimicrobial protection.
- Helps to keep the surface of the wood finish more hygienic between cleanings.
- After more than 30 years of use in numerous consumer, industrial and medical applications around the world, there has been no evidence that the use of antimicrobials causes resistant strain development.

The integration of antimicrobial technology will not only extend the longevity, integrity and aesthetic beauty of Encore wood finishes but will also ensure the protection of those who come into contact with it, providing lasting peace of mind.

Wood Finish Maintenance:

As with all fine finishes, care should be taken to protect the finish from sharp, unprotected objects. The top coat has a natural characteristic to repel the most common liquids used around wood components, yet spills or soil marks should be cleaned up immediately to avoid moisture seeping into open-pore areas. Please note that constant polishing and cleaning of the finish may raise the sheen level, whereas neglect in cleaning will dull and possibly abrade the finish.

- Arm and armless models.
- All models feature passive-flex back capability.
- Three arm cap options: Beech wood, black urethane or Corian.
- For Corian arm caps, please specify "-CO" after model number with color selection and add \$170 List per chair (for standard Corian colors only).
- Beech wood arm caps feature Microban antimicrobial technology and are available in six wood finishes to match standard wood grain laminates.
- Arm caps are field replaceable.
- Tubular steel frame.
- Three frame finish options: Graphite, Metallic Silver or Chrome.
- Wall-saver leg design.
- Accompanying tandem seating and benches available. Please refer to corresponding pages.

Ordering Instructions

To build tandem configurations, always specify units from left-to-right as facing.

Starter units ("-ST") represent the first seating model in a configuration with subsequent modular units building onto them towards the right.

Add-on units ("-AO") can only be added next to starter units or other add-on units.

End-units ("-EU") represent the final seating model in a configuration.

Center and corner tables are for in-line placement only (cannot start or end a configuration) and for specification purposes, will always come before a starter unit, after an end unit or before/after a single chair (i.e. add-on units cannot be specified next to connecting tables).

End tables can only start or end a configuration, therefore they will always come before a starter unit or after an end unit (i.e. add-on units cannot be specified next to connecting tables).

Options

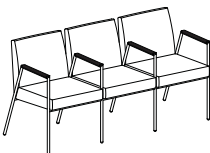

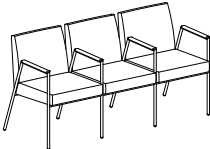

-SC Replaceable Seat Cover (per seat)	\$45	TB 133	\$80
-BC Replaceable Back Cover (per back)	\$45	VCT Tile Glides	\$30
-MB Moisture Barrier (seat only, per unit)	\$45		

- Pre-configured tandem units.
- All models feature passive-flex back capability and clean-out area between seat and back.
- Models can be combined with reconfigurable modular units.
- Three arm cap options: Beech wood, black urethane or Corian.
- For Corian arm caps, please specify "-CO" after model number with color selection and add \$85 List per arm (for standard Corian colors only).
- Beech wood arm caps feature Microban antimicrobial technology and are available in six wood finishes to match standard wood grain laminates.
- Arm caps are field replaceable.
- Tubular steel frame.
- Three frame finish options: Graphite, Metallic Silver or Chrome.
- Wall-saver leg design.
- Please refer to page 15 for connecting table options.

Ordering Instructions

To build tandem configurations, always specify units from left-to-right as facing.

Starter units ("-ST") represent the first seating model in a configuration with subsequent modular units building onto them towards the right.

Add-on units ("-AO") can only be added next to starter units or other add-on units.

End-units ("-EU") represent the final seating model in a configuration.

Center and corner tables are for in-line placement only (cannot start or end a configuration) and for specification purposes, will always come before a starter unit, after an end unit or before/after a single chair (i.e. add-on units cannot be specified next to connecting tables).

End tables can only start or end a configuration, therefore they will always come before a starter unit or after an end unit (i.e. add-on units cannot be specified next to connecting tables).
