Re: Potential LEED credits for projects using Duo Tile *(based on LEED-NC, version 3)*

To whom it may concern:

Innovation in Design Credit 1 (1 - 5 points): Innovation in Design

Mats Inc. Interlocking Duo Tile requires no adhesive which reduces the quantity of indoor air contaminants. The interlocking tiles are also reversible which prolongs their performance length. Interlocking Duo Tile may contribute to LEED ID Credit 1.

Indoor Environmental Quality Credit 4.1 (1 point): Low Emitting Materials: Adhesives & Sealants

Mats Inc. Urethane Bond adhesive has a low VOC content (45 g/L) which reduces the quantity of indoor air contaminants. The VOC limit required by LEED for Rubber Floor adhesive is 60 g/L. Urethane Bond adhesive may contribute to LEED IEQ Credit 4.1.

Indoor Environmental Quality Credit 4.3 (1 point): Low-Emitting Materials - Flooring Systems

Duo Tile meets the requirements of the Resilient Floor Covering Institute's FloorScore program. Duo Tile is FloorScore certified. Duo Tile may contribute to LEED IEQ Credit 4.3.

Materials & Resources Credit 2 (1 - 2 points): Construction Waste Management

Duo Tile is manufactured from materials that can be diverted from disposal, recycled and returned to the manufacturing process for reuse. Duo Tile may contribute to LEED MR Credit 2.

Materials & Resources Credit 4 (1 - 2 points): Recycled Content

Duo Tile is manufactured from both pre-consumer and post-consumer materials. Duo Tile may contribute to LEED MR Credit 4.

- 100% Black tiles have 88% post-consumer recycled content.
- Tiles with 10% intensity have 80% post-consumer and 2% pre-consumer recycled content.
- Tiles with 30% intensity have 69% post-consumer and 4% pre-consumer recycled content.
- Tiles with 50% intensity have 58% post-consumer and 6% pre-consumer recycled content.

Materials & Resources Credit 5 (1 - 2 points): Regional Materials

The manufacturing facilities are located in British Columbia, Canada. Depending upon the project location, using these products may qualify for LEED MR Credit 5.

If you require any further information, please do not hesitate to contact us.

Sincerely,
