depth: 20–23 in.

Stool\_One

height: 29–33 in.

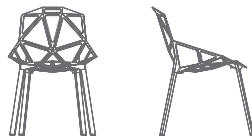

width: 21–22 in.

depth: 18–19 in.

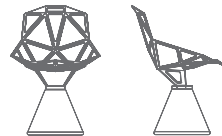

**ONE FAMILY [hermanmiller.com/magis](http://hermanmiller.com/magis)**

- Konstantin Grcic used die-cast aluminum to create a design that is more void than solid.
- The goal was to form structures that yield the most function while using the least amount of material.
- Reminiscent of the pattern on a soccer ball, the chair's striking, sculptural form has garnered attention around the world.
