

#### Commune Server

To serve and to store, that's what it lives for. Sideboard, hutch, cupboard, server...call it what you will, use it for whatever. Show off your fine china and cuisine. It's as nice inside as it is on the outside. A mirrored back panel reflects the glow of your gathering. Rhythmically crenulated door fronts with integrated handles open to reveal glass fronted pull-out shelves. Simple to souped-up; options with or without back panel, pull-out shelves or drawer dividers.

#### Dimensions:

86L x 19.5D x 32H; Height with back panel is 50H
