

**Arctic Club Chair**

Found!

The story goes something like this. While exploring the flea markets of Paris for inspiring and unique furnishings, interior designers Candra Scott and Richard Anderson spotted a charming and curious little wonder for the Arctic Club Hotel lobby in Seattle. We resuscitated, revived and refreshed it so that more could enjoy its jaunty comfort for the years to come. We all deserve a second chance...don't we?

Crafted by hand inside and out like the original. Wax-rubbed by hand. Available only in White Oak in two standard finishes, Arctic Brown and Arctic Black. Standard Leathers available are PeatBlack and MaltBrown. Also available COL and COM.

**Dimensions:**

28W x 36D x 31H
