BAJA Side Chair

The Baja Chair is a versatile, modern chair that offers a sloping, generous seat pan and a comfortable sit. A stylish back panel provides an abundant amount of back support. Its solid wood frame is complemented by formed wood veneer seat and back panels.

The Baja Chair is also available as an armchair and a stool. It is available in three finishes: maple, cherry or espresso, and with an upholstered seat. An optional book rack beneath the seat makes the Baja Chair ideal for individual seating in places of gathering. Visit www.agati.com to see more.
