MESA Side Chair

The Mesa Chair joins the AGATI contemporary collections with its inventive design and distinct appeal. Angled legs and sleek outer edges come together to make the Mesa a petite, streamlined chair. While visually stunning, the Mesa's internal curves contour into a sloping and generous seat pan.

A slightly curved, decorative panel back continues to provide comfort and abundant back support. The Mesa is made out of a solid wood frame with formed, wood veneer plywood seat and back panels. Available in natural or stained finishes, the Mesa also has an applied cushion seat option. Visit agati.com for more details.
