BOALT Collection

The Agati Boalt Collection was conceived as a design for the University of California at Berkeley, Boalt Hall Law School. A amalgamation of metal and wood, the Boalt Collection features metal accent reveals, adding polish to the collection's clean, crisp lines. Mitered corners accentuate side panels on Boalt tables and carrels.

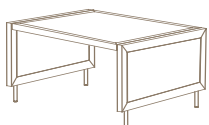

The collection's fresh, contemporary feel is attributed to its legs. Tables and carrels are raised up off the floor by sleek, metal legs adding an air of weightlessness. The Boalt Collection features study tables, table carrels with divider options, carrels and end panels. Visit www.agati.com to view more options.
