The Catalyst table is available in our complete range of laminates, phenolic resins, epoxy and chemical resistant laminates.

See finish card.

DIMENSIONS

Width: 48", 54", 60", 72"
Depth: 24", 30"
Height: 30", 36"

Available in custom sizes.

WORKSURFACE SPECIFICATIONS

- Standard surface construction is molded from a modified epoxy resin
- 1" thick, non-glaring matte finish surface
- All exposed edges have 1/8" bevel
- Square edges standard, 2" radius corners available
- Specially compounded and cured for optimal chemical resistance with most alkalis, alcohols, acids, and solvents.
- Self-extinguishing fire resistance
- Also available in laminate, phenolic resin, and chemical resistant laminate

FRAME SPECIFICATIONS

- Constructed from 3/4" x 4" wide rails
- Legs are 2.25" square with 1/4" radius edge
- Wood is finished with a solid lacquer sealer with a satin finish
- ADA compliant model available

APRON & LEG SPECIFICATIONS

- Apron is assembled using two 14-gauge leg brackets at each corner
- Apron attached to top using 14-gauge angle brackets and #10 x 5/8" pan head screws
- Legs attached with 3.5" long hanger bolts, flat washers, and nylon insert lock nuts
- Legs fitted with plastic boots designed for protection
