## APIS | DINING TABLE

The Egyptians said that they were the tears of the God RA and in many other civilizations they were adored and considered as Gods. The liquor that they produce was, in many histories and cultures, connected to gold. And now all this royalty of the bees, originally called "APIS" in Latin, was the main inspiration for this wood and brass dining table.

The imposing of this table is represented by a top that retraces the torso of big and ancient trees and in a base inspired on the golden beehives, that together results in a piece of nature translated into a piece of furniture.
