

VersIT™

**Point of Care Mobile Workstation
with Built-in Seating**

newheights™

Features

VerSIT™ provides a comfortable point-of-care mobile workstation ideal for extended shifts that are typical for many healthcare workers.

VerSIT™, height adjustable mobile workstation with unique built-in compact seating, allows multiple users the ability to choose an adjustable worksurface height for standing or sitting as time permits.

VerSIT™ empowers on-the-move healthcare workers with convenient access to shared resources resulting in increased availability, shortened response times, and improved productivity.
