

# Rift Collection Specs

## design-build

### VENEERS:

- Standard Cherry and Walnut Tech-grain runs horizontally.
- Optional Tech-grain in Oak available for upcharge.

### WORKSURFACES:

- 1-1/2" thick top on desks and standard height credenzas.
- Overheads and bench height units feature 3/4" tops.

### CHASSIS / TOP / DESK STYLES:

- Breakfront chassis with straight or bowfront top.
- Flush chassis desk style with overhang top.
- Sleigh base table desk with or without wood panels and legs.
- Column base tables and conference desks.

### CHASSIS CONSTRUCTION:

- Cabinet/Chassis construction features dowel pedestal joinery.
- Joints reinforced with hardwood cleats and metal brackets.
- Levelers provide adjustable compensation for unlevel floors and are installed in anti-tear out materials.

### BASES:

- Column Bases available as sit/stand lift version on specific units.
- Steel platform base with floor compression stabilizer.
- Freestanding credenzas and towers available with die cast aluminum legs.

### PEDESTALS:

- Pedestal fronts extend to floor without visible plinth base.
- Hidden box pedestal design is featured throughout collection.
- Drawer fronts and approach panels are recessed leaving 3/8" thin profile.

### DRAWERS (LIFETIME WARRANTY):

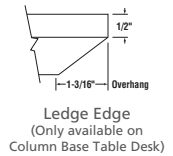

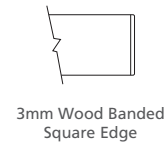

- Drawer fronts are horizontal veneer matched in sets.
- Wood drawers are standard.
- Top and bottom edges of drawers are banded for smoothness.
- Drawers pass BIFMA 50,000 cycle test and have lifetime warranty.
- File drawer bottoms are glue block reinforced for heavy weight storage capacity and offer legal letter filing.
- Drawer suspensions are steel ball bearing that meet or exceed BIFMA Standards.
- Drawers have 100% extension for full drawer access.
- Pedestal locking is standard, no charge to remove locks.

### FINISH:

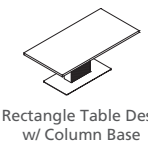

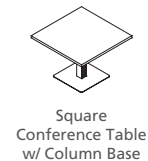

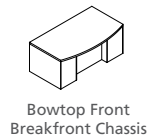

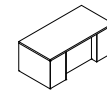

ENVI-UT, an environmental urethane top coat, is used on all DARRAN casegoods.

- Sprayed on 100% of DARRAN's casegoods (DB & OP) using the most advanced Plural Component Spray Technology.
- Exceptional hardness and clarity.
- Highly resistant to solvents and chemicals.
- Excellent UV inhibitors for maximum color resistance.
- Field Repairable.
- Standard with **BAC GUARDSILVER™** Anti-microbial additive.  
– the latest in silver ion technology.
- Dynamic chamber emissions tested and certified compliant to ANSI/BIFMA X 7.1 Standard / LEED 4.5 Standard for low – VOC emitting Furniture.
- Finish features 14 step / 4 color process. (Contact Customer Service for sample)
