Haiku LED Lighting Module	Haiku®
Model number	K3150-A2, S3150-A2, K3150-X2, S3150-X2
Operating voltage	12V + / -0.5V
Operating current	1.6 Adc (100% PWM)
Nominal input power	20 W
Operating temperature	32–104°F (0–40°C)
Lens diameter	5.7 in. (144mm)
Nominal lumen output	1500Lm
Dimming range	0-100%
Operating life expectancy	50,000 hrs
Controller	On/off control
Warranty*	1 year warranty in U.S.

* See Haiku warranty in installation guide for complete details
