### PRODUCT DESCRIPTION

Scalability! This is an excellent example of how we can take a smaller stock product and expand it in concept to create a larger chandelier. The light it created was exceptionally soft and glowing. The fabric used was a flame-retardant treated Dupioni Silk. We have a wide range of custom fabrics available as well.

### SPECIFICATIONS

**STYLE CODE** 24463-75-C  
**BULB** 8 x 100w Incandescent  
**MANUFACTURED IN** USA

**OVERALL DIMENSIONS** 24"H x 24"W x 66"L

**OPTIONS** Contact Fire Farm for Options
