

Tribeca

design Jean-Marie Massaud, 2012

Tribeca is a creation of visual impact by Jean-Marie Massaud. The linear shapes of this sofa are enriched by the stylistic detail of the structure. This harmonious combination makes it the protagonist of the living area.

Sofas and armchairs collection

The sofas and armchairs collection: in the living area there is a full coherence between modular systems, complements and the elements dedicated to comfort. Collaborating with prestigious international designers, Poliform completes its offer with a variety of proposals that underline versatility. A series of different armchairs and sofas, able to explore a wide range of aesthetical approaches and to become part of a full "Home project", where every piece of furniture matches with the other, in a highly harmonious interior design project.

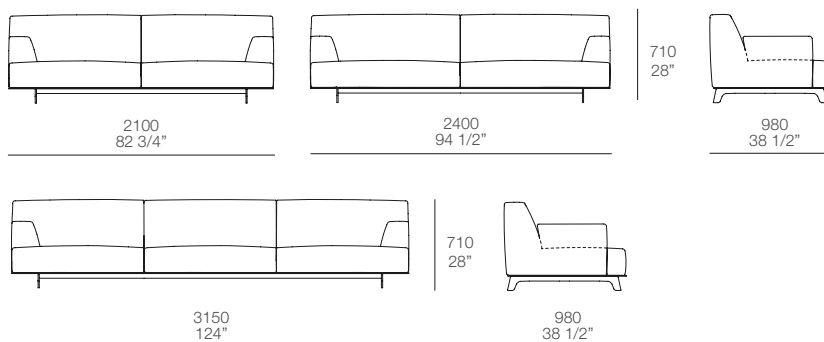

Finishing:

Structure: parts in wood and wood-by products, parts in painted metal. Feet: bronze painted metal. Backrest and arms: moulded flexible polyurethane with double density. Seat cushion: flexible polyurethane of different densities. Pre-covering: cotton cloth with internal padding in feather. Final covering: stretched, removable in fabric and non removable in leather and eco-leather.
