

Sustainable Information for Alhambra 401

Alhambra contributes to points for LEED-CI in the following way:

- MR Credit 4.2, Recycled Content: 1 point

This fabric offers the following environmental advantages:

- Alhambra is 72% post-consumer recycled polyester fiber. This content increases the quantity of recycled materials purchased.
- All dyestuffs used are heavy metal-free
- Dyeing and finishing is done within 500 miles to the mill
- Alhambra is woven in the U.S.A.
- Nano-Tex® has an environmentally friendly chemistry that conforms to MBDC design protocol.
