Nests 6 high

## One look, and you can tell Lena will become a design icon.

The clean profile, graceful curves, exposed finger joints and splayed legs coalesce into a chair that is both boldly original and instantly likeable.

## Construction

- Hardwood beech frame, legs and arms
- Formed plywood shell made with 11 layers of 1mm-thick face-grade veneer, all in the same species
- Mortise-and-tenon construction
- Meets and exceeds ANSI/BIFMA standards

## Customization

- Laser cut or laser engrave the back
- Finish frame and seat in the same or two separate colors
- Reduce barstool height
- Add handhold
