Company Statement

“Can you make?”

That’s how a lot of client phone calls to WCI begin. Designers and dealers know that we’re more than our catalog. We’re also the go-to collaborator for the custom designs other manufacturers are unable to handle.

For more than 70 years, we’ve been a creative and innovative partner to thousands of clients across the country and around the world. Whether it’s a café, bistro, conference room, corporate cafeteria, or that in-between space, our tables, banquettes and seating are there for you. With all fabrication done at our Los Angeles factory our turnaround is perhaps the fastest in the industry.

WCI looks to the future inspired by its customer’s commitment to design, and is prepared to meet the ever-changing and rapidly expanding needs of the industries it serves.

Customers continually tell us, “You guys can do anything.” We think the customer is always right.

Take a look around our site at westcoastindustries.com, what you find might surprise you!

Prices

Possession of this price list does not in itself constitute authority to sell and/or purchase product herein. All prices are delivered list prices. Prices are effective with date printed on the cover and supersede all other price lists. All orders accepted subject to prices prevailing at time of order. WCI reserves the right to change prices or specifications without prior notice. Prices do not include taxes or installation. Additional charges may apply on special requests for storage, inside delivery, "call before," etc.

Minimum Order

The minimum WCI order is \$1,500 list. Orders under this will be subject to a \$150 net minimum order charge.

New Accounts

Customers are eligible to seek terms with WCI provided that they have made over \$5,000.00 of purchases in the last 12 months. To establish an open account, submit a bank reference and at least three current open account references. Send full credit information along with complete address and telephone numbers to: West Coast Industries, Inc., 750 Battery St, Suite 100, San Francisco, CA 94111. Allow approximately two weeks for processing.

Credit and Payment Terms

WCI customers without credit terms submitting orders less than \$2,500.00 requires full payment with purchase order. An order over \$2,500.00 without credit terms requires a 50% deposit with order and the balance must be paid in full prior to shipment. Payment terms for all customers with approved credit limits are net 30 days. Invoices must be paid within these terms in order to maintain open account status or WCI reserves the right to withhold shipment and/or production of customer's order. Past due accounts (over 30 days) are subject to an interest rate of 1.5% per month (18% per year) or the maximum amount permitted under local law. The customer will be liable for collection costs including but not limited to, attorney's fees and court costs. Charging purchases to an open account constitutes acceptance of our stated terms. Terms are subject to change without prior notice. Payments should be made to our main office in San Francisco.

Acknowledgement

All orders are manufactured and shipped according to the acknowledgement and its terms and conditions. It is the customer's responsibility to note any discrepancies on the acknowledgement and to notify WCI immediately. The printed acknowledgement constitutes the final agreement between the customer and WCI, superseding all previous communications regarding the order.

Changes or Cancellations

Any changes to or cancellation of an order must be submitted to WCI in writing. Acknowledged orders for special, non-standard and custom products cannot be cancelled. Approved change request orders may be subject to a revised production schedule and additional material and labor charges. Approved cancellation requests will be subject to restocking, material and labor charges.

Orders

All orders must include WCI product model number, final material and finish specifications for order entry.

General Information | Warranties

Tables

All tables manufactured by WCI are warranted to the original purchaser covering normal usage for a period of twelve years from the date of the original invoice. WCI will replace or repair (at our discretion) without cost to our customers any item found to be defective as a result of defective material or workmanship. We will not, however, repair any item which has been abused or subjected to any use other than that which was originally intended for our product. Any repairs by the customer must receive specific written authorization from WCI before being executed on location to receive proper reimbursement for associated costs. In no event shall liability under this warranty exceed the original purchase price.

Electrical items not manufactured by WCI are covered for a period of one year.

Wood Furniture is made of natural variable raw material. Differences in grain characteristics and color among wood species are naturally occurring variations and are not within the control of WCI nor considered defects included in this warranty.

Warranty on plastic laminates and upholstery is not covered by WCI but is covered by laminate and textile manufacturers under their specific warranty only.

Banquettes

WCI banquette frames are warranted to be free of defects in materials and workmanship covering normal usage to the original purchaser for a period of seven years from the date of the original invoice. WCI will replace or repair (at our discretion), without cost to our customers, any item found to be defective as a result of defective material or workmanship. This warranty does not apply to damage resulting from accident, misuse, abuse, alteration or negligence. Any repairs by the customer must receive specific written authorization from WCI before being executed on location to receive proper reimbursement for associated costs. WCI will not be liable for any additional charges sustained by the customer because of improper installation by others, usage or after market additions.

Warranty on plastic laminates and upholstery is not covered by WCI but is covered by laminate and textile manufacturers under their specific warranty only. There are no other warranties expressed or implied.

General Information | Freight

Tables and Outdoor

Orders will be shipped F.O.B. destination—freight prepaid within the 48 contiguous states. Products shipped to Alaska and Hawaii are F.O.B. factory—freight prepaid to port of embarkation. Customer is responsible for freight charges from port of embarkation to final destination.

WCI reserves the absolute right to determine the method of shipping unless special delivery instructions have been previously approved.

Banquettes

WCI Banquettes do not include freight. Banquettes are shipped F.O.B. LA Factory, uncartoned for blanket wrap shipment. In order to assist our customers, WCI offers a competitive freight program. It features:

- Discounted freight rates
- 90 day guaranteed confirmed freight rate with order
- Freight charges included on your order invoice
- Shipment scheduled for you by WCI

When placing your order, ask for the WCI Freight Program; credit approval is required. Special quotes are required for special delivery requirements, such as: inside delivery, call before delivery, and other special requests. WCI reserves the absolute right to determine the method of shipping unless special delivery instructions have been previously approved.

Packaging

WCI products are packaged to ensure safe delivery and under normal handling by freight personnel. WCI reserves the right to bulk pack or palletize on large orders.

Delivery

Normal delivery is on a dock to dock basis. Special requests such as inside delivery, “call before,” etc. should appear on the customer’s purchase order and are subject to additional charges. Every attempt will be made by WCI to accommodate customer’s requests. Delivery date is subject to strikes, accidents, and availability of supplies and other causes beyond our control. WCI may stop and/or hold shipment if payment terms, account status or credit are not satisfactory.

If you are unable to accept delivery of an order before a specific date, please specify clearly on your order, “Do not ship for arrival before ____.” Failure to accept delivery of an order based on the estimated ship date may subject your order to warehouse storage charges. Changes to the estimated ship date after the order is acknowledged are subject to approval by WCI and may result in storage charges. Orders refused at delivery and returned to WCI will be subject to return freight charges and reshipment charges.

General Information | Freight

Partial Shipments

WCI may ship the entire order at once or may make partial shipments from time to time at its sole discretion unless the customer requests otherwise in writing. WCI will coordinate deliveries per the customers schedule however, additional charges may apply.

Freight Claims

WCI will file the freight claim for WCI Tables and Outdoor products. Upon receipt of the order, it is the responsibility of the customer to inspect the shipment for damage, and/or shortages, and to note any visible damage or shortages on the carrier driver's receipt. Please note: The customer has the right to inspect the complete shipment prior to the driver's departure. In the event of visible damage and/or shortages, immediately call WCI at **415-621-6656** to initiate a freight claim and replacement or repair. If concealed damage is discovered, the carrier must be notified within 48 hours. Call the carrier immediately to initiate the claim.

Customer Designated Carrier

WCI assumes no responsibility for any damage, shortages or loss in carrier transit. Our responsibility for transit damage, shortages or loss ceases when the carrier signs the bill of lading as having received merchandise in good condition. It is the customer's legal responsibility to examine all merchandise upon receipt, note damages on carrier's bill and file a damage claim directly with the carrier. The customer is responsible for all freight charges on customer designated carrier orders.

Concealed Damages

Concealed damage should be reported in writing to the freight carrier and WCI within 48 hours. It is the responsibility of the customer to notify WCI in writing of any factory defects, shortages or errors within five days from receipt of merchandise. Failure to make any claim against WCI within five days will constitute acceptance of merchandise and waiver of any defects, shortages or errors found upon inspection.

Will Call

Customers may choose to pick up orders at our Los Angeles factory. Customers will be notified when their order is ready on orders marked will call. Pick up must be made within seven business days or order will incur storage charges. Customer pick up is available between 8:00 a.m. and 2:00 p.m. PST. Call WCI Customer Service at 415-621-6656 to schedule all customer pick-ups.

Table Tops

Plastic Laminate and Ultrafoam Table Tops

Laminate topped tables should be cleaned with a mild, non-abrasive cleaner and cloth.

Wood Veneer and Butcher Block Table Tops

Wood must be treated as a breathing, living material. Like all organisms, it is subject to changes depending upon the environment in which it exists. The principal concern is the humidity in the surrounding atmosphere and its effect on the wood. Like many other materials, wood shrinks when it loses moisture and it swells when it absorbs it.

Keeping WCI wood finishes looking beautiful is easy. Simply wipe the table top clean with a soft damp cloth, moistened with water, and then dry with a soft cloth.

Note: Do not use commercial cleaners, abrasives, solvents, Windex, 409, Ajax, etc. on the table top as this will wear away the acrylic waterborne enamel.

Spills should be wiped up promptly and wiped dry as described above. Spills should never be left on the finish overnight.

WCI wood finishes should be protected from excessive heat. A heat pad, coaster or trivet should be used to protect the table top from pots, pans, hot serving dishes, drinks, plates, etc.

Acrylic Table Tops

The acrylic table tops consist of specially formulated acrylic, providing a tough nonporous surface material with superior stain and UV light resistance. Color and material is consistent throughout the top, providing a renewable surface. Most dirt and residue can be removed by washing with soapy water or ammonia based cleaner and then rinsing with clean water. Disinfecting acrylic table tops can be accomplished using (1) part household bleach mixed with (1) part water. Wipe and rinse thoroughly and wipe dry.

Minor scratches, nicks, and cigarette burns can be removed by lightly sanding followed by buffing smooth with a Scotch-Brite™. Acrylic table tops have excellent heat resistant qualities; however, it is important, as with all table top materials, to minimize direct exposure to heat. WCI recommends using hot pads or heat trivets when placing hot objects on any acrylic table top.

Caution: Nail polish, nail polish remover, and any acetone based liquid will permanently stain and or damage the acrylic table top.

Table Bases

Powder Coat and Plated Bases

All powder coat and plated bases should be cleaned with a mild, non-abrasive cleaner and cloth. Users are urged to make periodic inspections to look for damage, loose screws and bolts or other signs of structural fatigue incurred in daily handling, use and abuse. Examination must include structural joints, corner blocks, welds and any other stress points. Any product found to be damaged, defective or loose should be taken out of service immediately.

Metal Tables

All metal tables are suitable for indoor and outdoor applications. They have been pretreated and powder coat finished to resist the elements all year long without fading, rusting or cracking.

For regular cleaning of the metal frames, use a solution of mild, non-abrasive soap and warm water. For more difficult stains, use a mild household cleaner. Avoid using abrasives and chemical cleaners. Always test a small area prior to cleaning. Do not pressure wash.

Chairs

Metal

All metal chairs are suitable for indoor and outdoor applications. They have been pretreated and powder coat finished to resist the elements all year long without fading, rusting or cracking.

For regular cleaning of the metal frames, use a solution of mild, non-abrasive soap and warm water. For more difficult stains, use a mild household cleaner. Avoid using abrasives and chemical cleaners. Always test a small area prior to cleaning. Do not pressure wash.

Polypropylene

Injection molded polypropylene chairs are suitable for indoor and outdoor applications. UV inhibitors in the polypropylene protect against sun rays.

To maintain the finish of polypropylene chairs, clean regularly with warm sudsy water – never use abrasive cleaners or boiling water.

For regular cleaning of the chair's metal frames, use a solution of mild, non-abrasive soap and warm water. For more difficult stains, use a mild household cleaner. Do not use abrasives and chemical cleaners. Always test a small area prior to cleaning. Do not pressure wash.

Synthetic Rattan

The Piazza chairs have woven synthetic rattan backs and seats. To maintain the rattan, clean regularly with warm sudsy water – never use abrasive cleaner or boiling water. Do not pressure-wash or use petroleum based solvents or cleaners as this will damage the synthetic rattan.

General Maintenance

Our customers are urged to make periodic inspections to look for damage, loose screws and bolts or other signs of structural fatigue incurred in daily use. Examination must include structural joints, corner blocks, welds and any other stress points. Any product found to be damaged, defective or loose should be taken out of service immediately.

Product Specifications | Tops

Laminate Top Construction	Standard 1.25" thick balanced construction consisting of 45 lb. NAUF/FSC (no added urea formaldehyde) particleboard core surfaced with a laminate face. A moisture resistant backing sheet is laminated to the underside of the top. All complete tables (tables consisting of a top and base) have steel threaded inserts for metal to metal mounting of table bases allowing ease of installation. Tops sold separately do not have steel threaded inserts. Table tops over 96" in length have a steel support to prevent bowing. All top dimensions are nominal and may vary up to .75" depending on the edge treatment. If a critical size is required (+/- .0625), dimensions must be specified in writing.
Veneer Top Construction	Standard 1.25" thick balanced construction consisting of 45 lb. NAUF/FSC (no added urea formaldehyde) particleboard core surfaced with a bookmatched veneer face. A moisture resistant backing sheet is laminated to the underside of the top. All complete tables (tables consisting of a top and base) have steel threaded inserts for metal to metal mounting of table bases allowing ease of installation. Tops sold separately do not have steel threaded inserts. Table tops over 96" in length have a steel support to prevent bowing. All top dimensions are nominal and may vary up to .75" depending on the edge treatment. If a critical size is required (+/- .0625), dimensions must be specified in writing.
Butcher Block Construction	Butcher block tops have an eased edge with 1.3125" wide finger jointed strips. Tops are 1.375" thick and 1.875" thick on 60" and 72" tops. Tops are constructed from solid maple. .5" tolerance.
Wood Surface Finish	All wood products are finished in a semi-gloss, acrylic waterborne enamel providing a 40% sheen finish using a multi-step process of hand sanding, staining and sealing that provides superior water and alcohol resistance. Custom sheens are available upon request; please contact WCI Customer Service for a quote.
Laminate Surfaces	See Laminate Reference Guide, Page 29
Ultrafoam Surfaces	Standard 1" thick balanced construction consisting of 45 lb. NAUF/FSC (no added urea formaldehyde) particleboard core surfaced with a permanently bonded fire-retardant, expanded polyvinyl chloride pad. Ultrafoam tops are available with white vinyl T-mold or raw exposed edges and are recommended for use with tablecloth only. Ultrafoam tops create a slightly cushioned surface that is impervious to grease, foods, acids and alcohol. Ultrafoam tops absorb sound and eliminate the need for silencer cloths, double linen or other padding. All complete tables (tables consisting of a top and base) have steel threaded inserts for metal to metal mounting of table bases allowing ease of installation. Tops sold separately do not have steel threaded inserts. Table tops over 96" in length have a steel support to prevent bowing. All top dimensions are nominal and may vary up to .75" depending on the edge treatment. If a critical size is required (+/- .0625), dimensions must be specified in writing.

Product Specifications | Tops

3form® Chroma® Surfaces	Standard thickness of 1" with moisture resistant marine grade plywood sub-top for indoor and outdoor use. 3form® Chroma® is produced from optical grade engineered resin with high UV resistance. The surface of Chroma features a durable renewable matte texture that can be easily refinished throughout its lifetime. Chroma incorporates 38% recycled content (29% pre-consumer, 9% post-consumer) and is certified according to the GREENGUARD® Indoor Air Quality Certification Program for Low Emitting Products. All top dimensions are nominal and may vary up to .75" depending on the edge treatment. If a critical size is required (+/- .0625), dimensions must be specified in writing.
Acrylic Surfaces	Standard thickness of 1.25" with moisture resistant marine grade plywood sub-top. The specially formulated acrylic provides a tough nonporous surface material with superior stain and UV light resistance. Color and material is consistent throughout the top providing a renewable surface. Acrylic surfaces are not predrilled to accept table bases. All top dimensions are nominal and may vary up to .75" depending on the edge treatment. If a critical size is required (+/- .0625), dimensions must be specified in writing.
Corian® Surfaces	Standard average nominal thickness of 1" with a NAUF (no added urea formaldehyde) decorative hardwood plywood sub-top. Outdoor Corian® tops use a moisture resistant marine grade plywood sub-top. Corian® is a solid surface material created by DuPont, composed of acrylic polymer and alumina trihydrate. Corian® along with its adhesives and sealants are certified by the GREENGUARD® Environmental Institute, providing a complete surfacing system with low-VOC. All complete tables (tables consisting of a top and base) have steel threaded inserts for metal to metal mounting of table bases allowing ease of installation. Tops sold separately do not have steel threaded inserts. Table tops over 96" in length have a steel support to prevent bowing. All top dimensions are nominal and may vary up to .75" depending on the edge treatment. If a critical size is required (+/- .0625), dimensions must be specified in writing.
Vinyl T-Mold Edges	Vinyl edges provide an impact resistant edge. All vinyl T-molding corners have a 2" radius.
PVC Edges	PVC edges provide an impact resistant edge. All PVC corners are square.
Metal Edges	Metal edges are extruded 6063 aluminum alloy for strength and durability. Standard finishes are polished and satin aluminum. All metal edges have 2" radius corners.
Wood Edges	Wood edges are solid maple, oak, cherry, and walnut. Other wood species are available. Contact Customer Service at 415-621-6656 for quotation.
Overall Table Heights	Overall table heights vary according to top specifications. WCI standard base height is 28". Add top thickness to determine overall table height.

Product Specifications | ADA Tables

Wheelchair Access

To comply with ADA regulations for wheelchair access to tables WCI recommends a minimum clearance of 27" from the floor to the bottom of the table; a minimum 30" barrier free width and a minimum barrier free depth of 19". In addition there must be a minimum of 30" unobstructed space from the table edge. Overall table height cannot exceed 34".

Base Options

AH **Alternate Height Base** **\$66**

WCI table bases are available in a custom height within the range of 16" - 41" (per column)

GSL **Super Level Glides** **\$34**

Overall height of .75" is recommended for use on uneven or hard surface floor. Eliminates table wobble by automatically self-leveling. Adjusts up to .25" of wobble. Super level glides will not affect the overall height of the table. Super Level Glides are not available on Disc or Platform series. Sold in set of 5. (per base)

GPUPC & GPUPL **Puck Style Glides** **PC \$138**
PL \$166

Puck style glides are included on the Presidio base and can be specified on the Dunhill base. The Puck style glide is .375" thick with a 2.5" diameter and can be powder coated (**GPUPC**) or polished/satin chrome (**GPUPL**). (per base)

FFG **Floor Fastener** **\$34**

Cast iron, mounted inside post leg column with set screw; fastener to attach leg to floor is not included. Available for 2.5" and 3" diameter Post Leg columns only. (per leg)

TWC2 **Casters 2" Twin Wheel** **\$56**

Twin wheel casters are 2" diameter black nylon with a black nylon hood and locking tab. Casters will not affect the overall height of the table. Casters are available on Dunhill, Mark IV, Post Leg, Slimline and Tuscan series. Sold in set of 4.

TMX/TMT **Tilt-top with Standard Cable Release** **X-base \$270**
T-base \$418

For use on table tops up to 48" round, 42" square or 36" x 72" rectangle. The cable release mechanism activates both mechanisms on a table with two single column T-bases. It is not available on TT bases or Post Leg.

FM **Folding Mechanism** **T-base \$270**

Folding table mechanism must be activated individually. The folding mechanism is available on Dunhill, Mark IV, Slimline and Tuscan T-bases only. It is not available on TT bases or Post Leg. For use on rectangle tops larger than 60".
