Furnishing Knowledge®

KI STACK CHAIRS OVERVIEW

Timeless design. Enhanced comfort. Durable versatility. KI leads the way in developing stack seating for any application, from the classroom to the conference room.

As the number one preferred supplier for stacking / ganging solutions based on *Contract* magazine's annual brand report survey*, KI demonstrates continued success in providing stack seating with a breadth of design and price options.

SLED BASE CHAIRS

HIGH-DENSITY CHAIRS

MOBILE CHAIRS (non-nesting)

NESTING CHAIRS

CAFE STOOLS

TABLET ARM CHAIRS

FLEX-BACK ADVANTAGE

Comfort, value, and design are the foundation of KI's seating philosophy. KI provides a wide range of seating styles with both static back or flexing/articulating back. By encouraging movement, relaxation, and enhanced circulation, KI's flexing/articulating stack chairs provide unexpected and unparalleled stack seating comfort. It's what sets KI apart. We continue to break new ground with our evolving selection of stack chairs with flex-back comfort—from time-proven Dorsal chairs to the Perfect Pivot™ of Grazie seating.

4-LEG CHAIRS

4-leg chairs provide a clean profile in any application. Frames are available in a vast selection of powdercoat finishes or chrome for limitless design options. Chrome plating is done in-house and adheres to advanced environmental standards (zero waste with KI's chrome rinsing system).

Dorsal chairs with hinged back flex are also available.

TABLET ARM CHAIRS

Tablet arm chairs maximize classroom seating capacity. KI offers an extensive selection of styles that match KI's offering of stack chairs, which maintains design continuity. Depending on chair style, tablet arm chairs may include options for tablet size (standard, oversize, laptop), flip-up or flip/fold tablet motion, and an abundance of laminate and finish options.
