

ALUR

Less is More.

Glass Wall

Combining the simple elegance of glass with the precision of cast aluminum, ALUR Glass Wall transforms what was once hidden into an inspiration of form and function. Natural light cascades through the clear glass walls. Architectural details are accentuated. Mechanical components are beautifully concealed. Finally, a wall system that is truly alluring.

Dividing Wall

ALUR Dividing Wall defines the boundaries and function of private offices and conference rooms without separating them entirely from the rest of the floor through the seamless integration of ALUR Glass Wall. Representing the next generation of moveable walls, ALUR Dividing Wall features easy to assemble frames, off module design and integrated power, voice and data cabling for greater flexibility in adapting to changes in layout and technology. ALUR Dividing Wall frames are load bearing, capable of supporting hang-on furniture components on both sides of wall, and comes with an optional green 100% post consumer PET core and septum achieving the industry's highest rating of 52 STC.
