General Information

Terms and Conditions of Sale

GEIGER

Application of Standard Terms

Only the standard terms of sale stated in this catalog apply to any transaction unless those terms are modified or supplemented by a written document signed by an officer of Geiger International, Inc. ("Geiger"). Any terms contained in Customer's purchase order, including standard printed provisions, that are additional to or contrary to these terms, are not effective.

Use of Furniture and Materials

Geiger assumes that textiles, leathers and products are intended for commercial use and are not being bought for use primarily for personal, family, or household purposes. When installed and used as intended, products remain chattel property, are not considered fixtures, and no interest in them should arise under applicable real estate law.

Furniture Prices

Prices are determined by using the published list prices in effect when Geiger receives Customer's completed purchase order. If Customer's requested ship date is more than three months after Geiger receives Customer's order, it may be repriced using the list prices in effect when products ship. If Customer designates special finishes or options, additional charges may apply. Services such as design, project management, packaging, storage, inside delivery, double handling, installation, or inventory management are not included in Geiger's list prices.

COM / COL Procedures

If an order includes Customer-supplied materials, Customer must ship those materials to Geiger at Customer's own expense. The materials must be tagged with Geiger's confirmation number, item number, Customer's name, and purchase order number. Geiger is not liable for inadequacies in Customer's materials. Geiger will notify Customer of any apparent defects in Customer's materials before manufacturing.

Taxes

Customer is responsible for any local sales taxes or other similar taxes imposed on transactions.

Delays

Geiger is not liable for failure to ship by the acknowledged shipping date or any other date. Geiger is not liable for a delay or failure in shipment or performance if the delay or failure is caused by acts of omission of Customer, its agents, employees, contractors, a governmental authority, or God; delays in transportation; or other similar causes that are not within Geiger's reasonable control. Geiger is excused from further performance of its obligations for the duration of a force majeure cause.

Changes and Cancellation

Geiger's acceptance of an order is final and binding and an order may not be changed or canceled without Geiger's written consent.

Orders placed on any of Geiger's expedited shipment programs and orders of custom-dyed or custom-woven materials may not be changed or canceled. To change or cancel other orders, contact Geiger Customer Care in writing for authorization and applicable charges.

Storage

If Customer cannot accept delivery when products are ready, Geiger reserves the right to transfer products to storage and products are invoiced at that time. Customer is responsible for actual storage charges and any other expenses relating to the storage of products or materials that Geiger incurs. Customer bears all risk of loss for products or materials in storage.

Freight Terms

For casegoods and seating orders shipped within the 48 contiguous United States, surface freight charges are included.

For textile and leather orders actual packing and freight charges will be invoiced. Orders are shipped UPS ground unless requested otherwise.

For orders shipped to Alaska or Hawaii, the freight terms stated above apply only to the port of embarkation. Shipments beyond that point are freight collect. Domestic deliveries are shipped FOB Geiger's plant to a destination designated by Customer by a method Geiger selects.

Packaging and Shipping

Geiger's casegoods products are shipped in component form. Shipments over \$50,000 net are blanket wrapped. Tops and panels are shrink wrapped with cardboard corner protection. Pedestals, storage units, overheads and vertical storage units are wrapped in blankets and shrink wrapped with cardboard corner protection. Blankets are to be returned to Geiger for reuse. If the customer request cartoning on orders over \$50,000 net, there will be a charge of five percent of the net order. Packing materials are recyclable.

Shipments under \$50,000 net are cartoned. Cartoned shipments are packaged with a combination of cardboard channels and shrink wrap. Packing materials are recyclable.

Geiger's seating is cartoned in boxes for less than truckload shipments. Full truckload shipments are blanket wrapped.

If Customer requests special shipping or delivery methods, Customer is responsible for any extra costs that result.

Packaging and Shipping (continued)

Customer obtains title to products and materials, and assumes the risk of loss for them, upon shipment from Geiger's plant. Geiger reserves the right to make partial shipments, of truckload quantities, as products are manufactured.

Effective May 2, 2011 Geiger will add a shipping charge to all purchase orders under \$100,000 list. The amount of the shipping charge will be equal to a percentage of the overall list price of the entire order based on the ship to address. These charges will not be discounted.

International Shipping

Orders for export are shipped Ex Works factory (Incoterms 2000). The charge for export packing is five percent of the net order value. There are no export packing charges on shipments to Canada.

Claims

All blanket wrapped shipments must be unwrapped and inspected at the dock, in the presence of the driver. Claims for "concealed damage" or "subject to inspection" will not be honored on blanket wrapped shipments.

All cartoned shipments must be inspected for visual outside damage to the package.

Damages and piece count shortages must be noted on the bill of lading. Freight claims must be filed within 30 days (including cartoned shipments with concealed damage). Contact Customer Care for a warranty/freight claim form and send it by fax, mail or email to:

Geiger International

Warranty

Geiger International, Inc. ("Geiger"), 6095 Fulton Industrial Blvd., SW, Atlanta, GA 30336-2806, USA, warrants the products sold by it to be free from defects in material and workmanship, regardless of the number of shifts during which the products are used, for the warranty periods specified below.

This warranty covers the sale of Geiger product in all countries. Not all of the product lines appearing on this list are marketed by Geiger in all countries, and appearance on this list does not imply an offer for sale of a product line in a particular place. Product line availability is defined in current price lists applicable to different regions.

Geiger Commercial Office Furniture Products

12 years

All products sold under the Geiger® brand name, except as limited or described below.

Textile Alliance ProgramSM Fabrics

3 years

Includes, but is not limited to Luna, Bergamo and True fabrics and Edelman leathers.

IntersectionTM Fabric

3 years

Nonstandard Products

1 to 5 years

Warranty length on nonstandard products not covered by the 12-year warranty is identified on individual product quotes.

All Other Products, Parts, and Services

5 years

Electronic ballasts used in task lighting

3 years

All service parts

6 months

All other products, parts, and any services not listed above, sold or furnished by Geiger, except for consumable products such as light bulbs and other electronic products for which no warranty is given

Other Manufacturers' Products

None

Geiger will pass through to the original purchaser any warranty supplied by other manufacturers to the extent possible, including, but not limited to, open-line laminates.

Provisions that apply to all products and services:

During the applicable warranty period, Geiger, as its sole obligation, will repair or replace (at

Warranty (continued)

its option) any product, part, or component covered by this warranty and sold after the effective date of this warranty, which fails under normal use as a result of a defect in material or workmanship; Geiger will repair or replace the aforementioned product, part, or component with a comparable product, part, or component.

This warranty extends only to the original purchasers who acquire new product from Geiger, or its authorized resellers. Any product, part, or component must have been installed, used, and maintained according to Geiger's published instructions in order to be eligible for coverage under this warranty and must not have been subject to misuse or abuse. Any modification to the original product voids the warranty. Geiger does not warrant the performance of the product when used in combination with other than original Geiger product.

The warranty period starts from the date of purchase.

This document inclusively describes all of the warranties given and remedies available with respect to the company's products and services. Geiger disclaims any other warranty whether express or implied, statutory or otherwise, in relation to the products.

Geiger does not warrant:

- natural variations in wood grain or figure or the presence of character marks
- changes in surface finishes due to aging or exposure to light
- marks, scars, or wrinkles occurring naturally in leather
- veins, marks, voids, fissures, or cracks found naturally in stone

In addition, Geiger does not warrant:

- failure resulting from normal wear and tear
- the matching of colors, grains, or textures of natural materials
- the colorfastness or the matching of colors of textiles, including an exact match to cuttings or to swatch cards
- damage, marking, or staining of veneer surfaces due to contact with rubber or similar compounds; damage from sharp objects or imprinting from writing instruments, or prolonged exposure to direct sunlight

Geiger tests Customer's Own Material (COM) and other customer-supplied items for manufacturing quality only and does not provide any warranty with regard to these materials.

Geiger does not warrant products that are exposed to extreme environmental conditions or that have been subject to improper storage.

Warranty (continued)

Geiger's products meet the requirements of national and specific local codes as stated in the price books and other written publications.

TO THE EXTENT ALLOWED BY LAW, ANY IMPLIED WARRANTIES, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARE DISCLAIMED AND TO THE EXTENT THEY ARE LEGALLY REQUIRED, ARE LIMITED IN DURATION TO THE DURATION OF THIS WRITTEN WARRANTY.

GEIGER SHALL NOT BE LIABLE FOR LOSS OF TIME, INCONVENIENCE, COMMERCIAL LOSS, OR INCIDENTAL OR CONSEQUENTIAL DAMAGES.

Applies in US only: Some states do not allow limitations on how long an implied warranty lasts or do not allow the exclusion or limitation of incidental or consequential damages, so the limitations or exclusions in the two preceding paragraphs may not apply. This warranty gives the purchaser specific legal rights; however, the purchaser may also have other rights that may vary from state to state.

Applies outside US: Except as stated above, Geiger will not be liable for any loss or damage (including costs) however caused, whether direct or consequential, incurred or suffered by the purchaser or any third party in respect of the products but nothing contained herein will or will be considered to exclude or restrict any liability on Geiger's part for death or personal injury resulting from negligence.

Limitations and Disclaimers

Geiger is not liable for loss of time, inconvenience, lost profits, commercial loss, or other special, consequential, or incidental damages for any transaction.

Geiger reserves the right to change its designs, its methods of construction, or its prices, charges, or policies at any time without notice to Customer.

Design Rights

The designs depicted in Geiger's catalogs and price lists are proprietary to Geiger and Geiger reserves the exclusive right to manufacture them. Any reproduction of these designs infringes Geiger's rights and that infringement will be prosecuted.

How to Specify

- For each product ordered, specify a product number string. The string should include the product number and all finish and detail codes listed at the bottom of the pricebook page under "Specify".
- Specify the finishes and details in the same sequence shown on the pricebook page.
- Product number string example:
RD5PL3066A4 945 T51 LU T506 LK VNL

The product number string above includes all codes required for a Tablet single pedestal rectangular desk with the following specifications:

Product Number RD5PL3066A4
Wood Finish 945 Port Cherry
Edge Detail T51 Cove
Painted Finish LU Soft White
Pull T506 Tubular, Clear
Locks LK Black
Drawer VNL Black Vinyl

General Notes

- Most units ship unassembled; all hardware for assembly is included.
- Top depths vary with edge detail, and depth dimensions do not include edge overhang except where noted.
- Tops are 1 1/2" thick. Fascia bases are 2 1/2" high.
- A pencil tray is included in the top box drawer of all pedestals with box drawers.
- Hanging file frames are included in all pedestals and low storage with file drawers. File frames accommodate letter or legal files.
- All shelves are 1" thick and adjustable or removable, except where noted.

Greenguard™ Certification

- Most Tablet products are available Greenguard certified. These products are manufactured with a specific finish process, the underside of tops are sealed, and plastic caps are shipped with the product to plug unused shelf pin holes during installation. The following products and options are not Greenguard-certified:
 - products with curved panels
 - mortised tops for mobile runoffs
 - Wood, Flush, and Wave pulls
- For Greenguard Tablet products specify product numbers that begin with D instead of R.
- There is no upcharge for Greenguard Tablet.
- Special products not included in the pricebook must be approved and possibly tested to determine if they meet Greenguard certification criteria. Testing costs are the responsibility of the customer.
- To view the complete list of Geiger products that are Greenguard-certified and to download individual certificates go to www.greenguard.org
- The Greenguard Certification ProgramSM is an industry-independent, third-party testing program for low-emitting products and materials. The program is managed by the Greenguard Environmental Institute (GEI), an industry-independent, non-profit organization. As an ANSI Authorized Standards Developer, GEI establishes acceptable indoor air standards for indoor products, environments, and buildings. GEI's mission is to improve public health and quality of life through programs that improve indoor air.

FSC Certification

Tablet casegoods are made with FSC certified substrates with the following exceptions:

- Desks with curved end panels - pp. 28, 30, 32
- Desks with wood legs - pp. 28, 30, 32

FSC certification is achieved through the use of FSC-certified core materials and drawer boxes. FSC-certified veneer is not required but is available upon request, possibly at additional cost. FSC-certified anigre and figured sapele veneers are not available.

The Forest Stewardship Council (FSC) is an international organization that promotes environmentally appropriate, socially beneficial and economically viable management of the world's forests. Products carrying the FSC label are independently certified to assure consumers that materials come from forests that are managed to meet the social, economic and ecological needs of present and future generations. FSC-certified furniture can contribute to the Certified Wood credit in the U.S. Green Building Council's LEED certification system.

Electrical Access Panels

- Corner unit, L return, bridge return, rear unit and kneespace credenza panels are available with an electrical access door, centrally located in the panel. The door is hinged left unless otherwise noted. The panel includes a cord gap 1 1/4" high along the top edge above the door.

Widths of doors and cord gaps on corner unit, L return and rear unit panels are as follows:

Panel Width	Door Width	Cord Gap
22" to 25 7/8"	16"	5"
26" to 32 7/8"	16"	9"
33" to 42 7/8"	24"	16"
43" to 46 7/8"	30"	24"
47" and wider	30"	30"

Widths of doors and cord gaps on bridge return and kneespace credenza panels are as follows:

Panel Width	Door Width	Cord Gap
21" to 24 7/8"	16"	5"
25" to 31 7/8"	16"	9"
32" to 41 7/8"	24"	16"
42" to 45 7/8"	30"	24"
46" and wider	30"	30"

Mobile Runoff Desk Tops

- Mobile runoff desk tops are designed to slide from one end of a credenza or L return to the other end, passing directly above pedestals, low storage or open kneespaces. Tops include a sliding assembly with a braking mechanism which must be released prior to moving the runoff desk. The braking mechanism ships separately and is field installed in machined inserts located in the underside of the top. The brake can be used on either side of the runoff top.
- Mortised tops are available to create L returns, rear units or credenzas for use with mobile runoff desk tops. These tops include a track which accepts the runoff sliding assembly. Sliding track ships separately for field installation in mortise.

Mobile runoff desk tops cannot be used with standard returns, rear units and credenzas.

Wall Mount Storage

- Inside depth clearance of wall mount storage is 13 1/4".
- Inside height clearance of wall mount storage is as follows:
21 9/16"H 17"H
21 9/16"H with project shelf 15 1/4"H
33 9/16"H 28"H
33 9/16"H with project shelf 26 1/4"H

Project shelves have an inside height clearance of 3 1/2".

- All units are predrilled for black wire dividers; two dividers are included. Additional dividers may be ordered separately.
- Light fixtures are included and ship separately for field installation.
- Customer should give close attention to the integrity and stability of the wall on which any wall mounted storage is attached. Customer is responsible for the cost of reinforcing or improving its walls, and should involve an architect or engineer, where appropriate. Attachment hardware should be securely fastened to the studs in load-bearing walls or in another secure fashion, as the architect or engineer recommends.

Upper Bookcases

- Inside depth clearance of upper bookcases is 13 1/4".

Upper Storage and Tower Units

- Inside depth clearance of upper storage is 13 1/4".
- Inside height clearance of upper storage, side towers and center overheads in overhead / tower units is as follows:
43"H 17"H
43"H with project shelf 15 1/4"H
55"H 28"H
55"H with project shelf 26 1/4"H

Project shelves have an inside height clearance of 3 1/2".

- Upper storage and overhead / tower units require fabric wrapped tackboards which should be specified separately.
- Light fixtures are included in upper storage and in overhead / tower unit center overheads. Fixtures ship separately for field installation. Side towers do not include light fixtures.
- All units are predrilled for black wire dividers; two dividers are included. Additional dividers may be ordered separately.

- Upper storage and overhead / tower units are designed to be used above credenzas (Fig. 1) or rear units (Fig. 2).

Fig. 1

Fig. 2

If upper storage units or overhead / tower units are required for use across a desk / L return (Fig. 3), or across a desk / bridge return / rear unit (Fig. 4), the overall dimensions of all units must be carefully calculated to ensure proper alignment.

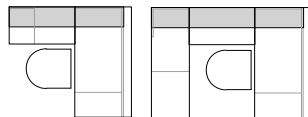

Fig. 3

Fig. 4

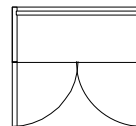

Upper storage units are designed with side panel support on each end. If the overall width of the upper storage unit(s) exceeds the total width of the casegoods underneath, the unit will be too wide to be supported as necessary on both ends.

- Upper storage and overhead / tower units must have adequate pedestal, low storage or panel support under the worksurface.
- Wall mounted storage units are for overhead storage only and not to be used as a credenza. Units should not be mounted with the top below eye level. Impressed manufacturing stamps are visible on top edge of doors.

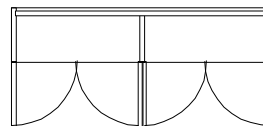

Hinge Locations

- Wall mount storage, upper storage and overhead / tower units with hinged doors are divided and hinged as follows:

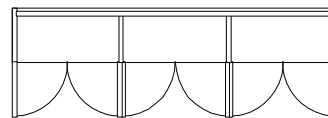

2 doors (30" to 48" wide)

4 doors (54" to 72" wide)

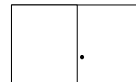

6 doors (78" to 96" wide)

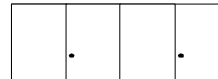

Lock Locations

- Wall mount storage, upper storage and overhead / tower units with hinged doors are available with locks. Lock locations are shown in front elevation below.

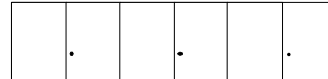

2 doors (30" to 48" wide)

4 doors (54" to 72" wide)

6 doors (78" to 96" wide)

L Returns and Corner Units

- L returns include one small grommet, and most bridge returns include two small grommets. Each grommet provides a 1" diameter opening (without the removable cover plate).
- Corner units include one large grommet which provides a 2" x 1 1/4" opening.

E16 Oval	1/4"	1-1/2"
E17 Stepped Radius	1/4"	1"
E20 Stepped Knife	3/4"	1"

Notes

T50 Square edge is 1-1/2" thick with 3/16" deep solid banding with no edge overhang. Banding is two layers, each is 2mm thick for a total of 3/16".

T50 Square edge is not available with inlay or marquetry.

All solid edge details are 1 1/2" thick.

For products with solid wood edges, the solid wood species used with each type of wood finish is as follows:

Anigre finish cherry solid
Ash finish ash solid
Beech finish maple solid
Cherry finish cherry solid
Hickory finish oak solid
Maple finish maple solid
Oak finish oak solid
Sapele finish mahogany solid
Walnut finish walnut solid

Natural wood finishes are unstained to maintain the natural beauty and clarity of the wood. When the veneer and solid wood species are not the same the veneer and solid may differ in color and graining. When a stained wood finish is specified, the solid wood edges are stained to match the veneer top as closely as possible.

COM Fabric Requirements

Yardages listed below are based on 54" or 66" wide fabric with no pattern or repeat. Geiger Customer Service must confirm yardage requirements for narrower fabrics or fabrics with pattern or repeat.

28" to 48" wide tackboard	1 yard
52" to 96" wide tackboard	2 yards

COM Procedures • Tackboards

Geiger accepts COM for application on its products. However, Geiger does not warrant the application, suitability or performance of those materials. Geiger reserves the right to reject any COM that it considers unsuitable. Geiger will notify Customer of any apparent defects in Customer's materials before manufacture.

Orders that include COM are scheduled at standard leadtime when Geiger receives all the materials on the order. Geiger will split ship COM orders only if Customer notifies Geiger in writing.

Testing and Approval

All Customer's Own Material requires testing and approval prior to order submission. Failure to obtain approval will result in delayed processing and scheduling of the order.

Step 1. Herman Miller dealers should request a COM test number through Kiosk. Customers and dealers without Kiosk access should contact Geiger Customer Care at 800.456.6452 for a test number.

Step 2. Send one memo-sized sample tagged with the test number to:

Geiger International, Inc.
6095 Fulton Industrial Blvd
Atlanta, GA 30336-2806
Attention: COM Approval

Step 3. Within four business days of receipt of the memo sample you will be contacted by Geiger Customer Care Department with testing results. If approved, you will be given a four-digit COM number for the fabric, and yardage requirements will be confirmed.

The COM number is specific to each fabric and indicates supplier, fabric style, color and applied direction of the fabric. It must be shown on the purchase order and the COM tagging when shipped to Geiger.

Tagging and Shipment

Customer must ship COM materials to Geiger at their own expense. To match the material with the Customer's order, all COM must be tagged as follows:

COM No. _____
Dealer Name _____
Customer Name _____
Dealer PO No. _____
Geiger Order No. _____
Product Item No. _____

All COM for tackboards should ship to:

Geiger International, Inc.
6095 Fulton Industrial Blvd
Atlanta, GA 30336
Attention: Tackboard Department

Geiger is not responsible for delays caused by fabric not correctly marked or shipped to the wrong location. Freight charges to ship COM from an incorrect location to Geiger may be charged to the Customer.

Questions regarding COM procedures should be directed to Geiger Customer Care at 800.456.6452.

Refer to the Geiger Textiles pricebook for colors and codes of fabrics.

Fire Retardancy

COM/COL Requirements

Yardage requirements listed below are based on 54" or 66" wide fabric with no pattern or repeat. Geiger Customer Service must confirm yardage requirements for narrower fabrics or fabrics with pattern or repeat.

mobile ped cushion 1 yard of fabric
18 sq. ft. of leather

COM/COL Procedures Mobile Pedestal Cushion

Geiger accepts COM and COL for application on its products. However, Geiger does not warrant the application, suitability, or performance of those materials.

Geiger reserves the right to reject any COM or COL that it considers unsuitable. Geiger will notify Customer of any apparent defects in Customer's materials before manufacture.

Orders that include COM or COL are scheduled at standard leadtime when Geiger receives all the materials on the order. Geiger will split ship COM and COL orders only if Customer notifies Geiger in writing that this is required.

Testing and Approval

All Customer's Own Material and Customer's Own Leather requires testing and approval prior to order submission. Failure to obtain approval will result in delayed processing and scheduling of the order.

COM/COL Procedures Continued Mobile Pedestal Cushion

Step 1. Herman Miller dealers should request a COM test number through Kiosk. Customers and dealers without Kiosk access should contact Geiger Customer Care at 800.456.6452 for a test number.

Step 2. Send one memo sized sample tagged with the test number to:

Geiger North Carolina
218 Cline Park Drive
Hildebran, NC 28637
Attn: COM Dept.

Step 3. Within four business days of receipt of the memo sample you will be contacted by Geiger Customer Care or the Herman Miller COM Department with testing results. If approved, you will be given a four-digit COM number for the fabric, and yardage requirements will be confirmed.

The COM number is specific to each fabric and indicates the supplier name, fabric style name, color and applied direction of the fabric. It must be shown on the purchase order and on the COM and COL tagging when shipped to Geiger.

Tagging and Shipment

If an order is to include materials supplied by the Customer, Customer must ship materials to Geiger at Customer's own expense. In order to match the appropriate material with the Customer's order, all COM and COL must be tagged as follows:

COM No. _____
Dealer Name _____
Customer Name _____
Dealer PO No. _____
Geiger Order No. _____
Product Item No. _____

All COM for mobile pedestal cushions should ship to:

Geiger North Carolina
218 Cline Park Drive
Hildebran, NC 28637
Attn: COM

Geiger is not responsible for delays caused by fabric not correctly marked or shipped to the wrong location. Freight charges to ship COM from an incorrect location to Geiger may be charged to the Customer.

Questions regarding COM procedures should be directed to Geiger Customer Care at 800.456.6452 or Herman Miller COM Department at 616.654.3400.

Notes

Geiger beech, cherry, hickory, maple and walnut wood veneers are flat-cut and book matched. Anigre, and sapele veneers are quarter-cut and slip matched. Oak veneers are rift cut and slip matched. Champagne ash and ebony ash veneers are flat-cut and book matched. Platinum ash and white ash are quarter-cut and slip matched. For products with solid wood edges or legs, the solid wood species used with each type of wood finish is as follows:

Anigre finish cherry solid
Ash finish ash solid
Beech finish maple solid
Cherry finish cherry solid
Hickory finish oak solid
Maple finish maple solid
Oak finish oak solid
Sapele finish mahogany solid
Walnut finish walnut solid

Natural wood finishes are unstained to maintain the natural beauty and clarity of the wood. When the veneer and solid wood species are not the same the veneer and solid may differ in color and graining. When a stained wood finish is specified, the solid wood edges are stained to match the veneer top as closely as possible.

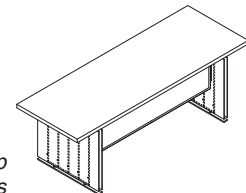

Special finish colors may be developed for orders over \$200,000 list upon request at no additional charge. A set-up fee of \$250 will be charged on orders under \$200,000 list for each special finish. In order to protect the quality and durability of Geiger's finish, the chemical composition of the staining materials, water-base sealers, and urethane top coats will not be altered for special finishes.

Exotic veneers such as pearwood, bird's eye maple and sycamore are available upon request, at additional cost.

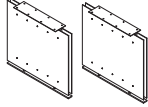

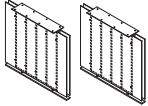

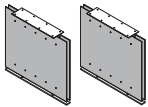

For further information and procedures for special finishes or exotic veneers, contact your Geiger sales representative.

Wood Edge Leg (RD1W)

A horizontal number line with three points marked by dots. Below the first dot is the label "page 19", below the second dot is "page 9", and below the third dot is "page 12".

Notes

Tops are 1 1/2" thick wood

Top depth does not vary with edge detail

Depth dimension includes edge overhang on user and approach sides and bullet end

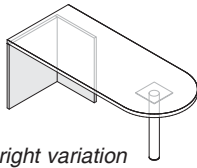

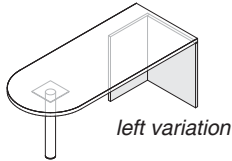

Acrylic leg is frosted clear acrylic with an aluminum center rod, and metal disc and leveler in MS Powder-Coat Metallic Silver finish

Use Basic Price when T50 edge detail is specified on top

Add Solid Edge upcharge for solid edge details

For use with
L and bridge returns

Add Drawer upcharge for wood drawer boxes

Kneespace Credenzas • Electrical Access

GEIGER

A line drawing of a modern, minimalist desk. The desk is L-shaped, with a central cutout. It features drawers on both the left and right sides. The design is clean and functional, with no visible hardware or decorative elements.A minimalist, modern desk with a white top and light-colored legs. It features a central storage compartment with a glass door and two side drawers with dark handles. The desk is shown from a three-quarter perspective.

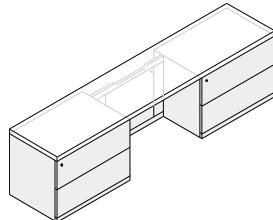

Notes

A horizontal timeline with a central line and vertical tick marks. Below the line, labels indicate key events: 'page 19' at the first tick, 'page 9' at the second, 'page 18-17' at the fourth, 'page 15' at the sixth, and 'page 8' at the seventh.

Wood Edge Paint Pull Lock

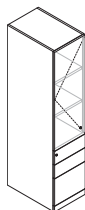

A horizontal timeline with a central line and vertical tick marks. Five points are marked with black dots and labeled below the line: 'page 19' (at the far left), 'page 9' (approximately one-third of the way), 'page 15' (approximately two-thirds of the way), 'page 16-17' (just before the end), and 'page 13' (at the far right).

Notes

*Backs are unfinished; units include three bookcases with common top
Separate wood tops are 1 1/2" thick with edge detail on user side
Shelves are 1" thick; bookcases 54" and 72" high include a fixed shelf
for case stability; fixed location can be changed in the field but shelf
should not be removed
Use Basic price when T50 edge detail is specified on wood top
Add Solid Edge upcharge for solid edge details*

Notes

Credenza full width back panels are used to create closed credenzas with finished backs

Credenza kneespace panels with electrical access include an electrical access door with hinge on left; see specification notes for additional information

Corresponding storage widths shown are for example only; to determine back panel width add storage and kneespace widths; to determine kneespace panel width subtract storage from top width

For use with credenza top and pedestals or low storage

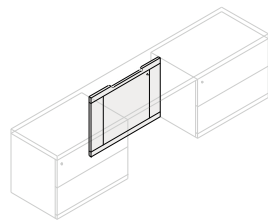

Credenza Back Panel • Full Width

Note:
Open kneespace should not exceed 60" under plain tops and 54" under mortised tops

Notes

Credenza full width back panels are used to create closed credenzas with finished backs
Credenza kneespace panels with electrical access include an electrical access door with hinge on left; see specification notes for additional information
Corresponding storage widths shown are for example only; to determine back panel width add storage and kneespace widths; to determine kneespace panel width subtract storage from top width

Wood* Edge* Paint Divider Diffuser Light

Timeline diagram showing the sequence of pages read by the student. The timeline starts at 0 and ends at 100. The sequence of pages read is: page 19, page 9, page 15, page 8, page 8, and page 13. The timeline is marked with vertical lines and dots indicating the start of each page read.

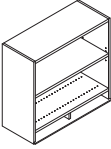

Units without separate wood tops have finished case tops
 Separate wood top is 1 1/2" thick and includes edge detail on user side
 Drawings show wall mount storage without separate wood tops
 Project shelf lights are included and ship separately
 Use Basic Price when T50 edge detail is specified on wood top
 Add Solid Edge upcharge for solid edge details

**Not required on units without wood tops*

Product Number

Timeline diagram showing the sequence of events for the 'Wood' and 'Edge*' series. The timeline is divided into segments by vertical lines. The top row shows the sequence: R, 7, W, followed by two empty segments, then a minus sign, then two more empty segments, and another minus sign. The bottom row shows the corresponding page numbers: page 19, page 9, page 8, page 8, page 13, and page 13. The events are labeled: Wood, Edge*, Divider, Diffuser, Light, and Lock.

Notes

Units without separate wood tops have finished case tops
 Separate wood top is 1 1/2" thick and includes edge detail on user side
 Drawings show overhead / tower units without separate wood tops
 Project shelf lights are included and ship separately
 Tackboards are required; specify separately
 Use Basic Price when T50 edge detail is specified on wood top
 Add Solid Edge upcharge for solid edge details

**Not required on units without wood tops*

Product Number

Timeline diagram showing the sequence of events for the Wood, Edge*, Divider, Diffuser, Light, and Lock. The timeline is divided into segments by vertical lines. Above the timeline, the letters R, 7, and W are placed in boxes, followed by a minus sign and more boxes. Below the timeline, the names of the items are placed above their respective points on the timeline. Below the names, the page numbers are indicated: page 19 for Wood, page 9 for Edge*, page 8 for Divider, page 8 for Diffuser, page 13 for Light, and page 13 for Lock.
