City Hall™ upholstered back

"ADVOCATE AND CITY HALL ARE PRECISE, PURPOSEFUL DESIGNS THAT CELEBRATE THE EXPRESSIVE NATURE OF WOOD IN CRISPLY EXECUTED FORMS."

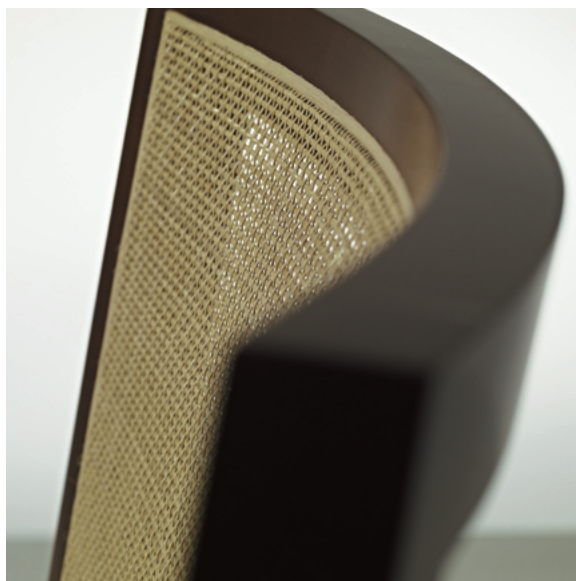

BRIAN GRAHAM

"City Hall places an emphasis on simplicity and precision," Graham adds. The deceptively simple inclined back features a delicate curve that helps cup the sitter's back while softening the otherwise rectilinear form. "Advocate features a taut geometry and a concave back detail to create the proper back support, kicking out long, elegantly tapered rear legs," he continues. The inspirations for both families blend beautifully with Geiger's legacy of wood craft in side seating. Precise City Hall hearkens to designs of early 20th century European modernists, while geometric Advocate is rooted in mid-20th century Danish modernism. All chairs are GREENGUARD-certified and carry a 12-year warranty.

ADVOCATE AND CITY HALL BY BRIAN GRAHAM

Brian Graham received a BFA in Interior Architectural Design at California State University, Long Beach, where he also served as an Adjunct Professor. Also known for his casegoods and furniture systems designs, Graham has been recognized by the American Institute of Architects, the International Interior Design Association and the International Facilities Management Association.

ADVOCATE AND CITY HALL | SUPERIOR CRAFTSMANSHIP

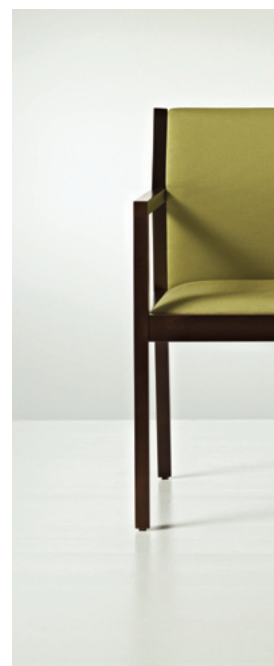

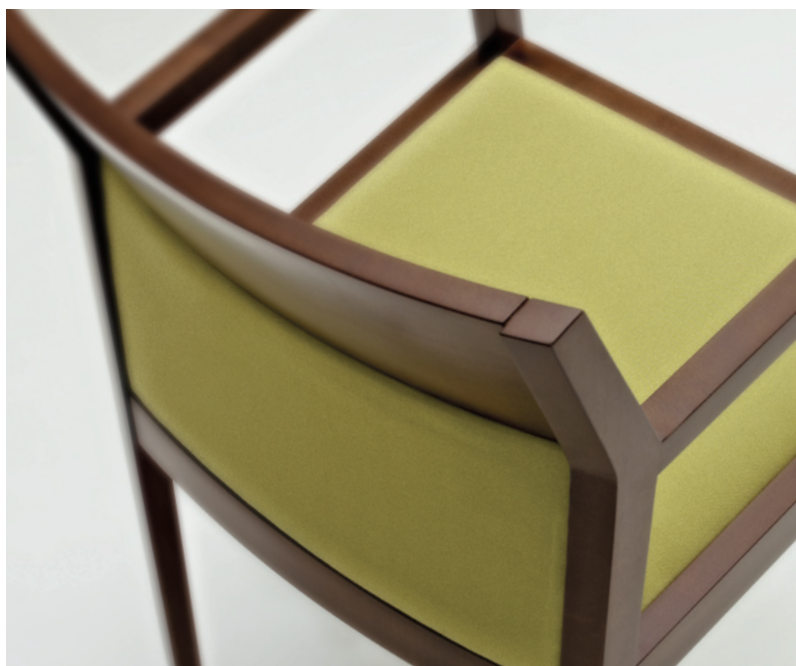

Advocate and City Hall feature kiln-dried, premium-grade hard maple frames. State-of-the-art CNC machinery maintains the strictest tolerances in the carving of the frames, ensuring absolute fidelity to the original design as well as consistency from chair to chair. Mortise-and-tenon joinery and grooved corner blocks (glued and screwed in place for maximum reinforcement) ensure structural integrity. All chairs are backed by Geiger's 12-year warranty.
