1/4", 3/8", 1/2", 3/4"

**Customization**

Available

**Accolades**

Best of NeoCon Gold, 2001

## Archiglas

Introduced in 1999, Archiglas was Skyline's exploration of the interplay of fine detailed patterning on etched glass. Features 10 elegant dot and line patterns with options for clear, eco-etch, and textured finishes. Select a clear background for maximum translucency, or choose an etched back surface for enhanced privacy.
