Organize Magnetic Markerglass

Designed by award-winning textile designer Suzanne Tick. The collection brings creativity and organization to corporate, healthcare, retail, and hospitality interiors with magnetic markerglass patterns that structure information on glass. Promote communication with nine designs featuring warm and cool neutral color palettes. Annotate meetings, update schedules, and post photos and cards to durable glass in your choice of sizes. Easy to clean and maintain, you can use it with any marker—no staining or ghosting occurs.
