

## *Curated Textiles by HighTower*

**We value your time** and are providing the following pre-approved textiles choices to streamline the specification process, avoid future reselection of non-conforming textile and most importantly to guarantee that the seating you have specified arrives at the **highest quality level** and **on-time**.

The HighTower upholstery team has decades of experience and have matched the proper textile with the individual needs of a specific HighTower product.

All textiles are not created equally and each piece of furniture has unique characteristics that must be addressed to produce the highest quality possible.

HighTower consults with the leading textile companies on a semi-annual basis to review new products and determine which HighTower products will match up with each of the unique fabrics.

If you would like to recommend a fabric to be included in this review process, please send suggestions to [textiles@hightoweraccess.com](mailto:textiles@hightoweraccess.com)

Please exclusively select from the approved textiles listed below, this will assure that your project will run smoothly and your client will receive a beautiful finished product.

**Thank you for selecting HighTower products on your project!**

The textiles on the following page are pre-approved for the following HighTower products:

**Arroyo**

**Ayre**

**Havanna**

**Nimbus**

**Nonstop**

**Open**

**Papa**

**Pause**

**Quad**

**Quick Draw**

**Tombolo**
