

# Laura Kirar Impressions

Incorporating a hand-rendered quality in her work has always been important to artist and multidisciplinary designer Laura Kirar. Impressions tiles translate that quality to a new medium for Kirar. The Impressions collection is characterized by organic hand-drawn patterns that, when combined in an installation, appear as overall texture on a wall.

## Product Usage and Additional Information

Suitable for all indoor vertical applications. Install according to industry standards for ceramic tile.

- exclusive Laura Kirar color palette inspired by 1940's Hollywood
