

Beau Monde brings a new sophistication and elegance to the ANN SACKS mosaic collections. Utilizing new production techniques, Beau Monde creates a mosaic style inspired by the ancient mosaic art form of Pietre Dura which created elaborate imagery using exquisitely cut and finely fitted stones. Beau Monde presents a fresh and updated graphic interpretation. The patterns are current and yet nod to the timeless glamour of 1940's Hollywood, as represented by the names for each pattern.

Product Usage and Additional Information

Suitable for all indoor vertical and horizontal applications. Install per industry standards for stone mosaics. Sheeted repeat sections will fit together in an interlocking pattern.

- unique graphic patterning of intricately detailed and delicately fitted stone
