Come learn a bit more about me.

I'm a minimalist at heart.

My clean lines are not just a matter function, but part of an overall design that contributes to the perfect organization of work.

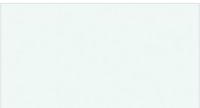

I'm harmony in motion.

I blend harmony and charm with impeccable materials to bring unique pairings and color contrasts typical of artisan Italian craftsmanship.

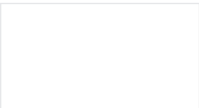

With me you'll experience:

H - Matte White

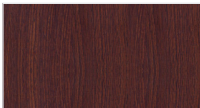

Melamine

BA - White

NO - Canaletto Walnut

WE - Wenge

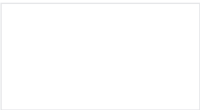

Perfect. Balance.

My components and finishes are inspired by the natural environment around us. Sit back and take in the synergy created when modernity meets earthiness.
