

Motiva™

Hello.
I am the X4.

Motiva™

The X4.

How to best describe me?

That's easy.

I'm everything in a private and shared office that you never knew you wanted.

Step inside
- it's time to meet

the X4.

Come learn more about me.

I infuse complexity with simplicity.

Less is certainly more with me. But beneath my clean lines and elegant finishes is solid, durable construction that comes standard with my Made in Italy seal.

I balance collaboration and concentration.

With me, you're in perfect position for the free flow of ideas. Yet, my stylish, geometric partitions offer just enough separation for solo task execution.
