Custom Colors	Leather	Samples
Geiger offers a custom color service for fabric specifiers. If sufficient time and minimum yardage requirements are met, Geiger will develop special colors in any of its standard weaves or leathers. Customer may place its order after its approval of the strike-off from the mill or tannery. Customer is responsible for the cost of overage, approximately 10 to 15 percent, on the production run. Custom-dyed or custom-woven materials may not be canceled or returned. Custom fabrics or custom colors are sold by the piece only, and piece sizes vary according to the style. Please contact Geiger's Customer Care Department for additional information at 800.456.6452.	Before ordering leather, Customer should be aware that color may vary from samples. Natural marks such as scars, cuts, and other natural imperfections, especially on non-pigmented surfaces, are considered normal in leather. Upon request, dye lot samples can be sent for Customer approval. Leather footage is estimated on the basis of usable square footage of soft, supple (2 1/2 to 3 oz.) leather suitable for upholstery. Reserves Based on availability, Geiger will reserve specific quantities of textiles or leathers for a 10-day period.	Samples of Geiger and Herman Miller textiles and leathers are available upon request. Please contact your sales representative or dealer for samples. Order samples directly from the following textile alliance partners: Edelman leather 800.886.8339 www.edelmanleather.com Guilford of Maine 800.544.0200 www.guilfordofmaine.com Joseph Noble 214.741.8100 www.josephnoble.com Luna 415.252.7125 www.lunatextiles.com Maharam 800.645.3943 www.maharam.com Place Textiles 212.255.7978 www.placetextiles.com Victor Group 418.227.9897 www.victor-innovatex.com When ordering samples directly from the manufacturers, request samples according to the pattern and color name. Because of natural variations in fibers, yarns, dyes, and weaves, samples may not match exactly with existing inventory. Contact Geiger Customer Service for dye lot samples of current stock, which can be sent out upon request and receipt of Customer's purchase order.
Special Finishes for Textiles	Textile and Leather Returns	
Geiger provides some textile finishing services, subject to minimum charges that will be quoted by Customer Service at the time of order entry. Certain Geiger textiles are sold with a fluorocarbon finish, sprayed lightly on the fabric face. All fluorocarboned textiles are clearly marked. At Customer's request, Geiger will trans-ship textiles to any finisher designated by Customer, however, Geiger is not responsible for changes in color, quality, appearance, or performance of textiles sent to outside finishers. Geiger is not responsible for determining the applicable finish or for the results of applied finishes to any Geiger textile.	Materials may not be returned without Geiger's written approval, and Geiger will not accept for return any textile piece less than 10 yards long nor any piece that is not in excellent condition. Customer is responsible for the cost of return freight. Geiger will charge a thirty percent restocking fee on approved returns. Custom-dyed or custom-woven materials may not be returned.	

Textile and Leather Prices

Geiger seating textiles and leather may be ordered as cut yardage. The net prices shown below are intended for domestic commercial purchasers in the industry who are acquiring textiles and leather:

- for resale to third parties; or
- as raw materials for manufacturing.

Prices and terms must be established before order entry for any Customer purchasing:

- for export
- for upholstery application for its own use;
- or for any other use.

Prices do not include taxes, shipping, delivery, or storage. If Customer's requested ship date is more than three months after the date that Customer's order is received, it may be re-priced using the prices in effect when materials are shipped.

Geiger Leather	Net Price Per Sq. Ft.
Bristol™ Leather	\$10

Order Information

All textiles are sold to the nearest one-quarter yard, with a two-yard minimum per colorway. A \$20 charge applies to orders under the minimum. Specify number, pattern name, and color.

Bristol™ Leather is sold to the nearest one-half hide. One complete hide is approximately 55 square feet. Specify number and color.

Herman Miller dealers must submit all purchase orders to Geiger via Kiosk. For assistance with this process, please contact Herman Miller Sales Technology Support at 800.833.3330.

All Geiger Gallery and non-Herman Miller dealers may submit their orders via email or fax at 404-836-7519. For assistance with this process, please contact Geiger customer care at 800-456-6452.

Cleaning and Maintenance

Textiles

The most effective way to keep upholstery fabrics clean is to give them frequent vacuum cleaning. All of Geiger's textiles should be professionally dry cleaned on a regular basis.

Leather

Geiger's leathers are premium quality, full-grain European hides that are aniline-through dyed and protected with a light top finish. Geiger's leathers are lightfast. These leathers can be cleaned with a mild solution of soap and water, followed by drying with a soft cloth.

Leather is a natural material that is porous and not waterproof. Customer should refrain from spilling stain-causing substances on leather. If food or other protein-based components are dropped on leather, they may cause permanent stains. Leather should receive regular dusting in order to avoid its pores filling with dust or other grime.

Eco-Hide

Clean regularly with mild soap and water. Wipe up spills as they occur. For more difficult stains, use alcohol-based cleansers like Fantastik® and Formula 409®. Thoroughly rinse all solution residue with clean water and air dry. Any commercial disinfectants such as bleach, ammonia, etc. can also be used as part of routine maintenance in healthcare settings.

Upholstery • COM/COL

Seating COM/COL Procedures

Geiger accepts COM and COL for application on its products. However, Geiger does not warrant the application, suitability, or performance of those materials. Geiger reserves the right to reject any COM or COL that it considers unsuitable. Geiger will notify Customer of any apparent defects in Customer's materials before manufacture.

Use Basic Price for seating upholstered in Customer's Own Material (COM). Add COL price to Basic Price for seating upholstered in Customer's Own Leather (COL).

Express seating orders that include COM or COL are scheduled at Express leadtime when Geiger receives all the materials on the order. Geiger will split ship COM/COL orders only if Customer notifies Geiger in writing that this is required.

Questions regarding COM procedures should be directed to Geiger Customer Care at 800.456.6452 or Herman Miller COM Department at 616.654.3400.

Testing and Approval

All Customer's Own Material and Customer's Own Leather requires testing and approval prior to order submission. Failure to obtain approval will result in delayed processing and scheduling of the order.

Step 1. Herman Miller dealers should request a COM test number through Kiosk. Customers and dealers without Kiosk access should contact Geiger Customer Care at 800.456.6452 for a test number.

Step 2. Send one memo-sized sample tagged with the test number to:

Geiger North Carolina
218 Cline Park Drive
Hildebran, NC 28637
Attn: COM

Step 3. Within four business days of receipt of the samples you will be contacted by Geiger Customer Care or the Herman Miller COM Department with testing results. If approved, you will be given a four-digit COM number for the fabric, and yardage requirements will be confirmed.

The COM number is specific to each fabric and indicates the supplier name, fabric style name, color and applied direction of the fabric. It must be shown on the purchase order and on the COM and COL tagging when shipped to Geiger.

Tagging and Shipment

If an order is to include materials supplied by the Customer, Customer must ship materials to Geiger at Customer's own expense. In order to match the appropriate material with the Customer's order, all COM and COL must be tagged as follows:

COM/COL No. _____
Dealer Name _____
Customer Name _____
Dealer P.O. No. _____
Geiger Order No. _____
Product Item No. _____

For all seating:

Geiger North Carolina
218 Cline Park Drive
Hildebran, NC 28637
Attn: COM

Geiger is not responsible for delays caused by fabric not correctly marked or shipped to the wrong location. Freight charges to ship COM from an incorrect location to Geiger may be charged to the Customer.

COM/COL Requirements

Yardages listed for COM are based on 54" wide fabric, with no repeat. Fabrics which have a repeat that must be matched, or are less than 54" wide, require more yardage and the following chart should be used for determining COM yardage requirements. For fabric with both horizontal and vertical repeats, add the horizontal and vertical repeat inches together. Use the total number of repeat inches to determine the additional fabric needed.

Fabric Width	Plain Fabric	2"-10" Repeat	11"-20" Repeat	21"-25" Repeat	26"-30" Repeat
54"	0%	10%	15%	20%	25%
51" - 53"	15%	20%	25%	30%	35%
48" - 50"	30%	35%	40%	45%	50%
45" - 47"	45%	50%	55%	60%	65%
36" - 44"	60%	65%	70%	75%	80%

COL requirements are shown in square feet and figured on hides that are 55 square feet or larger. On smaller hides, add 15% to the COL requirements. Hides other than cowhide leather cannot be accepted.
