# SLIM LOUNGE

**Frame Construction:**

Slim lounge features a frame that is constructed of furniture grade plywood and interior grade hardwoods. The corners are notched and slotted and reinforced with corner blocks that are glued and stapled into position.

**Seat Construction:**

Seats feature a steel frame for stability and polypropylene seat webbing for long lasting support and comfort. Polyurethane foam in the seat and back provides high resiliency and comfort.

**Legs:**

Slim lounge seating is supported by low profile black plastic foot. Casters are available on the lounge chair.

**Accessories:**

A variety of storage shelves are available on all units. A variety of swivel tablet arms are available on the lounge chairs.
