

Full Moon by Thomas O'Brien window display for Suite Home Chicago

12' tall *Alice in Wonderland* entrance to event center

Kinc is an award winning company specializing in custom design and fabrication, murals and backdrops for residential and commercial spaces.

We excel in taking your ideas (no matter how wacky) from initial concept to realized product. In addition to our own copious skills, Kinc acts as matchmaker and project manager, coordinating any additional craftsmen needed to complete the project to your satisfaction. You will rest easy knowing your work is in the hands of the detail obsessed!

From giant pink heads and detailed art reproductions, to waterfalls and neon, Kinc makes it happen. If you want the impossible, the beautiful or the fantastic, talk to us. We would love to hear about your next venture.
