

# Pannello Semplice

Murale's straight-laced cousin, Pannello Semplice is a wall-mounted panel available in two standard sizes with custom sizes available. The innovative aluminum frame holds the acoustic material at an optimum 10 cm (4 in) away from the wall, maximizing acoustic absorption. In addition, this versatile panel system can go wall-to-wall, wrap a 90-degree corner, or be mounted to a ceiling. Like its Pannello counterparts, Semplice also provides a sophisticated projection or tack surface. Available in two standard sizes and 63 colors of 3mm Wool Design Felt.
