Hanging Panel Track System

Simple and clean, the Hanging Panel Track System is the easiest way to suspend FilzFelt Hanging Panels. The linear system is ideal for using panels as a window treatment, wall dressing or as a room divider. The thin aluminum profile is unobtrusive and the gliders are quiet and smooth. Choose from options that include up to five channels, ceiling or wall mounting, stationary or sliding and Hanging Panels attach with Velcro or grommets for easy hanging and removal for cleaning.
