

# IN<sup>®</sup> Seating

With its European styling and modern curves, the IN Chair is both good-looking and exceptionally comfortable.

Models include a fully upholstered seat and back, a breathable mesh back, and the distinctively-styled guest chair—a perfect complement.

IN seating features a standard synchro-tilt mechanism for motion control and a seat-slide adjustment. The comfortable sit is enhanced by your choice of fully adjustable task arms or beautifully tailored loop arms.

Best of all, IN seating fits your budget easily—making it an even more attractive seating solution.

IN | FULLY UPHOLSTERED WITH LOOP ARMS
